Wise Crack; Not-So-Wise Postage Increase

Roy Anderson, recovering from a classic case of the shingles, snapped out of his pain long enough to make this commentary: "You boys better hurry and buy up all the 6c postage stamps before they run out."

Roy is making wry humor out of the fact first-class postage is scheduled to go from 6 to 8c per ounce about May 15. Besides which, a case-hardened citizenry learned long ago you never get any bargains where government is concerned.

If you think 8c postage is rough you ought to take a look at the "package" handed the newspapers in this deal.

Second class mail will be uprated 33 per cent this May, and raised a total of 142 per cent over a 10-year period.

By contrast, third-class—or junk mail—will be hiked only 31 per cent.

The bulk of third-class mail is comprised of offers to sell merchandise, compared to the users of second-class mail—newspapers and magazines—which furnish a vital and permanent communication link not only between government and the people but also between individual citizens—their readers.

The postal system is in process of being transferred from political government to an independent public corporation—but the new rates trace back to the political government, meaning the Congress.

If you suspected it all along now you know for sure—the big boys in postal rate-fixing aren't the so-called "powerful press" members but the commercial vendors who use third-class mail strictly for profit, with precious little public service.

If the newspapers are hot about this unwarranted discrimination against the press and its paying subscribers, can you blame us?

If permitted to stand, the proposed new second-class rates are going to increase mail subscriptions substantially all over America—while "junk mail" continues to get virtually a free ride.

## Hope Fifth in Community Contest

LITTLE ROCK (AP) — Fort Smith, Searcy, Batesville, Smackover and Mammoth Spring received state championship awards in the 1970 Arkansas Community Development Program at the 23rd annual awards day luncheon here today.

The five cities, all first-place winners in their population brackets, were presented with plaques and \$600 cash awards by Arkansas State Chamber of Commerce President K. V. Browne.

The winners were selected by judges for outstanding achievements last year in such areas as program of work, personal services, municipal services, economic development, community services, publicity and over-all city planning.

Hope placed 5th in its population category.

## Child Struck Down by Car on N. Hazel

A 5-year-old Negro girl, Chigita Martin, escaped serious injury at noon Wednesday when struck down by an auto on North Hazel Street. The car was driven by Jerrell Byron of 418 East Avenue A.

City Officer Everett Edwards said the child started across the street, was turned back by a companion but wheeled around and ran into the path of the car. He said the accident was unavoidable.

A Hempstead Ambulance Service car rushed the child to a local hospital where attendants said she did not appear to be very badly injured.

## Heavy Losses Citizen of the Year in Retreat From Laos

By HOLGER JENSEN  
Associated Press Writer  
HAM NGHI, Vietnam (AP) — Repeated North Vietnamese onslaughts are driving the South Vietnamese out of their bases in Laos and back toward their border with heavy losses, American helicopter pilots reported today.

"They can talk about helicopter mobility all they want, but from where I'm flying there's only one way to describe it—retreat, and a bad one," said WO Fred Few of Chattanooga, Tenn.

Another called it a rout. In the past five days the South Vietnamese have abandoned two of their four firebases south of east-west Highway 9, retreated 15 miles and now are about 14 miles from the Vietnamese border, the pilots said.

A third base, Landing Zone Brown, appears doomed.

"Sure, they've knocked out quite a few enemy supplies and maybe even cut the Ho Chi Minh trail in one or two places," said one pilot, but they haven't stopped the enemy from moving men or supplies, and they're taking a hell of a lot of casualties."

"The enemy is defeated," the Pathet Lao order said. "Now he is trying to retreat. Destroy him."

## SS Increase Handed to President

By BILL NEIKIRK  
Associated Press Writer  
WASHINGTON (AP) — Congress has handed the Nixon administration a powerful catalyst to ignite the nation's economy, boosting Social Security benefits for 26 million Americans who usually spend instead of save.

The 10-per-cent across-the-board increase in benefits, retroactive to Jan. 1, will pump \$3.6 billion into the pocketbooks of persons on limited incomes.

The increases were tied to a bill raising the national debt limit a record \$35 billion to \$430 billion.

As President Nixon prepared to sign the measure today, the nation's economy was in a sluggish state, failing to respond to the fiscal and monetary policies he has put into effect.

The economic thrust of the Social Security bill will be far-reaching. The extra money, as one economic expert put it, "will go to a lot of people who have been forced to scrimp."

It will be June before the So-

## He Made Mistake of Buying an Aquarium at a Weak Moment

By WILLIAM L. CHAZE  
Associated Press Writer  
ATLANTA, Ga. (AP) — In a moment of weakness, I allowed my wife to purchase an aquarium for my son.

The idea was that it would be an educational birthday present and the fish would stretch the kid's mind. Not a bad idea. It sounded like something Sesame Street might go for, so I gave her the money.

It was a mistake that is apt to be with me a while. Like the next 50 years.

A couple of days after approving the purchase, I came home to find my wife poring over six large books, which she had bought. The books, highly technical affairs with small print and complicated looking graphs and diagrams, came to

HASKELL JONES

DONNA CONNELLY

At the annual Chamber of Commerce Banquet last night Haskell Jones, manager of Radio Station KXAR, was announced as the Citizen of the Year. Mayor Sam Strong made the announcement and presented Mr. Jones with a plaque.

The event was held at Third District Livestock Show Coliseum and Ray Lawrence was master of ceremonies. Miss Arkansas, Hope's own Donna Connelly, was featured on the

program and sang for the several hundred present. Special music was by the Madrigal Singers.

Also presented to the audience were Margie Royston, Arkansas' Miss Congeniality and Stan Parris who made NAIA All-American in football.

The Rev. James E. Sewell gave the invocation and retiring president, Hubert Thrash, reviewed 1970 activities. Incoming President Al Zimmerbauer, discussed plans for the year ahead.

New officers include Mr. Zimmerbauer, Vice Presidents Charles Sharpe Jr., Barry Brown, Larry Patterson, John R. Graves, and Treasurer William E. Butler. Directors are Velora Bright, John Lester, Bill Ellis, Arch Wylie, Harry Cagle, Wesley Huddleston, David Brown, J. W. Rowe, and James Gaines.

## May Approve the Highway Bond Issue

LITTLE ROCK (AP) — Gov. Dale Bumpers said Tuesday he may let a bill that would authorize a special election May 18 on a \$300 million highway construction bond issue become law without his signature.

The governor said he did not think there was any "strong sentiment" for the bond issue. He said if the proposal were to pass, there would "have to be a good selling job."

## Bill Provides Legal Aid for the Poor

By ROBERT SHAW  
Associated Press Writer  
LITTLE ROCK (AP) — The Arkansas House approved a bill Tuesday that would allow the state's judicial circuits to create public defender offices to give legal aid to poor persons who are charged with serious crimes.

The bill was sent to the Senate for consideration after the 62-16 House passage. The House had defeated the measure last Thursday, when the bill failed to get the required 51 votes.

In other legislative action Tuesday: —The House approved a bill changing the party primary election dates and assuring the American party a position on the 1972 ballot.

—The Senate passed a bill that would provide a one-month recess of the legislature shortly after the beginning of future sessions in order to give an in-

## Kiwanis Club to Fight the Drug Problem

The Kiwanis Club of Hope, in 1970, accepted the challenge to help fight the ever growing drug problem that exists throughout our nation.

Rev. Gordon Renshaw was named to head a committee to spearhead an extensive educational program entitled "Operation Drug Alert." Three public meetings were held in the Hempstead County Court House.

Very interesting and informative programs were well attended by citizens from the entire county. Following these meetings a county wide committee has been selected to further this much needed educational fight.

The name "Council on Drug Education" (CODE) was selected to identify this organization headed by Gordon Renshaw as director and Douglas Drake as treasurer. The task of building a complete film and book library on drugs is now underway. This library will be kept in the Hempstead County Public Library for the use and benefit of the entire county. Continued efforts to educate our youth as well as the adult population of our county will be stressed.

A great deal of money is needed to carry on a program such as this. Several local organizations have contributed generously but still much more is needed to help finance this continuing program. Anyone wishing to have a part in this worthwhile program is invited to make your contribution to CODE. You may either take it or mail it to Douglas Drake, c/o Village Rexall Drug, Hope, Arkansas.

## Local Firm Buys Amarillo Egg Company

Hillman Koen, President of Land O' Lakes Farms of Arkansas announced the purchase of the Nest Fresh Egg Co. of Amarillo, Texas. Nest Fresh was started in 1941 to distribute eggs and poultry in the Panhandle of Texas and Oklahoma.

The previous owner, Elmer McGravey, will continue to manage the firm under the supervision of Charlie Kammerdiener, General Manager of Land O'Lakes Farms of Arkansas.

Mr. Koen states that it will require the production from three hundred thousand hens to supply this market. These eggs will be produced in this area.

## Laird Indicates Goal for Troop Reduction Below 50,000 by 1972

WASHINGTON (AP) — Secretary of Defense Melvin R. Laird discarded his own rule and publicly indicated a U.S. troop reduction goal in Vietnam below 50,000 by late 1972 because "he feels he can deliver," Pentagon officials say.

There was some belief that to make Laird's move was to take political ammunition away from antiwar Democratic senators and congressmen who have been demanding a fixed date for withdrawal of American troops from the war. But these Democrats yet may claim credit for prodding the administration into its new position.

Before Tuesday, Laird refused to make long-term withdrawal projections and at one time advocated limiting announcements to six months ahead.

Reportedly to Laird's surprise, President Nixon last May jumped a whole year ahead in pledging a pullout of 150,000 men by this May 1.

According to Pentagon officials, Laird favored relatively short term troop withdrawal commitments in the early stages of the Vietnamization program because "there was a question in some minds whether we could make it."

But now, an official said, Laird is "willing to say he can deliver on a 12,500-man per month average reduction in Vietnam."

"Cambodia helped, Laos helped some more, and the situation is not going to go wrong in the next year," he said.

Yard of the Month winners for March have been announced by the Hope Council of Garden Clubs as follows: Mr. and Mrs. Herbert Dodson, 702 S. Grady; Mr. and Mrs. Owen Atkins, 909 E. Division; Mr. and Mrs. Rufus H. Martindale, 303 N. Hamilton; Mr. and Mrs. A.D. Brannan, 316 Brannan St.

The Mu Alpha Theta math club at Hope High will have a Bake Sale on the corner of 2nd and Main from 10 a.m. until 3 p.m. Saturday, March 20.

## Potential of I-30, Hazel Area Cited

Plans are nearing completion for construction of a major shopping center development on North Hazel Street at Dairy Street, according to Arthur Strech of Strech Realty Co.

This is the second major shopping center development to be announced here within a week and both are near Interstate 30 interchanges.

Negotiations are underway with two major retail chains in determining the size of units to be constructed for their use. In addition to a major food chain, space will be provided for a major family discount center. Each of these major organizations have conducted their own feasibility studies and have determined that the North Hazel Street site offers the greatest potential for the future growth in the entire Hope market, Arthur Strech said.

Their conclusions are drawn from:

1. The recommendations of the citizens highway committee, that have since been approved by the Arkansas Highway Department as well as the Hope City Board of Directors designating 29N as the most critical traffic problem in Hope, and 2. The "1970 Supplement to the Hope, Arkansas Highway Traffic Study," showing 29N as the number one traffic artery on the Highway 67 By-Pass System.

This traffic study gives top priority to construction of a four lane highway between I-30 and the Highway No. 4 cut-off at Greenwood Street. More than 20,000 vehicles per day are projected for this artery. This is the highest projection of any of the By-Pass System.

In addition to the two major retail units, space will be provided for from 12 to 15 individual store tenants with spaces varying according to each tenants' needs. Space will be provided for a complete automotive center in the complex.

All construction calls for column-free interiors and exteriors will be of the new "Low-Profile" type of steel and natural stone construction with all structural work meeting the standards set forth by the American Iron and Steel Institute and the American Institute of steel construction for the greater protection and safety of the buying public.

Strech Realty has been designated as the exclusive Leasing Agent for the complex as well as having made the site acquisition for the developers.

Mr. Strech reports that negotiations are now being conducted with several Major Motel Organizations of National Stature relative to the North Hazel Street sites at I-30.

Full development of this traffic artery, with sites having already been purchased by several Major Oil Companies, the construction of a new modern truck stop, motel and restaurant and the recent purchase by the Arkansas Highway-Police Department of 33 acres for their District Headquarters will assure North Hazel Street at I-30 interchange of becoming a bright spot on I-30 from Little Rock to Texarkana, according to Mr. Strech.

## Man Killed in Accident

MCCRORY, Ark. (AP) — One person was killed and another injured early today in a one-car accident on Arkansas 17 about eight miles north of McCrory.

Dead is Wilton Edwards, 54, of Needles, Calif. Officers said he was a passenger in a car driven by Jerry D. Hyde, 27, of Augusta.

**Student Council Project Proved Successful**

By sponsoring "Tootsie Pop Week" at Hope High School March 8-12, H.H.S. Student Council continued its display of uniqueness and originality. The goal of this unusual project was to break the monotony of everyday school routine and to involve the student body in a "Fun" project.

On Monday each student received a coupon entitling him to one free "Tootsie Pop" (Redeemable at the Sugar Shack) compliments of the student council. By entering his name and estimated no. of licks, the student became eligible to win the "How many licks does it take to reach the center of a tootsie pop?" contest.

On Friday six student council members licked tootsie pops under the watchful eye of a "lick counter". The average number of licks was calculated to be 366.5. Ballots revealed a three-way tie between Tony Stevenson, Kathy Graves, and Randy Townsend. Drawing from a hat, principal Bob Whitmarsh proclaimed Tony Stevenson, Freshman, winner of the large candy-filled Pinata shaped like a gigantic tootsie pop. Seventeen students with close guesses received consolation prizes.

Unusual? You bet. But the contest was designed to break the tensions of everyday school life...and it did just that.

**Found Guilty of Second Degree Murder**

EL DORADO, Ark. (AP) — A Circuit Court jury deliberated about one hour late Tuesday and found Andre Furlow, 20, of Strong guilty of second-degree murder. His sentence was recommended at 15 years in prison.

Furlow was charged in the shooting death of Curtis Lumsey, 41, of Strong. Lumsey was shot to death with a .25-caliber pistol last Sept. 5. The prosecution contended that Furlow shot

**Father Wins Over 'Hippie' Daughter**

LOUISVILLE, Ky. (AP) — A University of Louisville coed has expressed bitterness over an appeals court ruling that her father is not required to support her at school. The father had frowned on what he called her "hippie" life style.

"My father has spent more money to fight this case than he would have if he would have just given me the money," the coed said. "I'm very bitter about this reversal."

Neither the girl nor her father was identified in the court's public records, but a coed who said she was the girl spoke with a Louisville Courier-Journal reporter Tuesday night.

The Appellate Division of the New York Supreme Court ruled 4-to-1 Tuesday in reversing a lower court order requiring the girl's father to pay her support or be imprisoned for 30 days.

In the initial action before Family Court, the father said he cut off funds because his daughter was a "hippie" whose life-style "stinks."

The appellate majority said, "The father—in return for his maintenance and support—is entitled to set reasonable standards, rules and regulations for his child. The court below misconceived its function. It is not to substitute its judgment for that of the father."

**Acreage of Soybeans Up 3.2 Per Cent**

WASHINGTON (AP) — Planting of soybeans will be up 3.2 million acres, according to the annual March 1 survey by the Crop Reporting Board of the Agriculture Department.

The survey, released Tuesday, showed corn plantings will increase 4.3 million acres and sorghum 2.9 million.

The latest cotton estimate was for 12.1 million acres, up 1 per cent from 1970.

Crop planting estimates for Arkansas in 1971 and the percentage of 1970 acreage planted were:

Cotton—1,070,000 acres and 96 per cent.

Soybeans—4,437,000 acres and 101 per cent.

Corn—54,000 acres for 1971 and 93 per cent of 1970.

Sorghums—319,000 acres and 130 per cent.

Soybean plantings, a favorite substitute in blight-threatened corn areas, were estimated at 46.5 million acres, a seven per cent increase from 1970. The January report also indicated a seven per cent boost.

This year's planting of sorghum grain was estimated at 20.2 million acres, a 17 per cent increase from 1970, which was the same as in January.

Last year, before the effects of corn blight were apparent, officials estimated the 1970 corn crop at a record 4.8 billion bushels. But blight, drought and other enemies reduced the crop 15 per cent to about 4.1 billion by year end.

**Guatemala in Fifth Day of Siege**

GUATEMALA (AP) — This country has entered the fifth month of a state of siege decreed in an attempt to fight subversive groups.

Violence has not subsided but President Carlos Arana Osorio's government shows strong signs of survival.

It is starting a series of development programs aimed at increasing industry, attracting foreign investment and stabilizing the economy.

Arana Osorio was elected in February 1970 with the support of political groups from center and right. He took office last July and promised to pacify the country at any cost.

Last April the West German ambassador, Count Karl von Spreti, was killed by the leftist Rebel Armed Forces when the government rejected its demands for his liberation. Since the state of siege began in November, with suspension of constitutional guarantees, there have been 10 political assassinations, several kidnappings and scores of other terrorist acts carried out by extremist groups from both left and right.

Lumsey during an argument at a drive-in cafe at Strong.

**Discusses Medicine**

—Henry Haynes with Star camera  
JIM ALLEN

Jim Allen of El Dorado, a representative of Lederle Laboratories was the guest speaker at this week's Kiwanis Club Meeting. He was presented by Kiwanian Jim McKenzie who arranged the program.

Mr. Allen chose as his topic "Prescription Drugs in Modern Medicine". He described a prescription drug as one prescribed by a particular physician for a particular patient for a particular need, and then posed this question, "How safe are our drugs?"

From the earliest days when roots and herbs were given to the ill, we have come to a day of modern miracle drugs with marvelous curative powers.

The modern miracle drugs have come as a result of constant research by the Pharmaceutical Industry which spent \$446,000,000 last year on research. Only about 20 of 100,000 research drugs are finally approved after exhaustive tests by the Pharmaceutical Industry and then by the F.D.A.

Tests are run first on laboratory animals and may run over a period of from one to three years before being tried on human volunteers. The Food and Drug Administration then steps in and makes their own tests before allowing a drug to be placed on the market. Even then a drug that may be approved and safe for hundreds of patients may produce bad side effects in one patient. The researcher must know what a given drug will do to a patient as well as what it will do for him.

"A perfect drug is hard to come by. There are no short cuts in the development of a new drug", said Mr. Allen.

Kiwanian Eddie Whitman announced that the 28th Annual Kiwanis Variety Show will be presented Friday evening, April 16th, at City Hall Auditorium. Clifford Franks, Chmn. of the Advertising Committee passed out assignments to members for the solicitation of Advertisements for the souvenir programs.

**Precipitation May Return to Arkansas**

By THE ASSOCIATED PRESS

A chance of precipitation has crept back into the Arkansas weather picture.

A low located today over Western Utah and Northeast Nevada is traveling eastward and will probably send rain into Western Arkansas late tonight. The precipitation is expected to spread across the state Thursday.

Temperatures were expected to rise slightly today and tonight, but should be held down Thursday by clouds and rain.

Highs over the state Tuesday ranged from 55 at Harrison to 73 at Texarkana. Highs today were forecast in the 60s to mid 70s with highs Thursday in the 60s north portion to 70s south portion.

Lows tonight should be in the 40s and low 50s.

Overnight lows include Fayetteville 27, Harrison 32, Jonesboro 33, Pine Bluff 38, Texarkana 44, El Dorado 34, Memphis 33, Little Rock 36 and Fort Smith 34.

No rainfall was reported during the 24-hour period ended at 6 a.m.

**Phone Workers to Demand 25% Increase**

WASHINGTON (AP) — The AFL-CIO Communications Workers says it will demand a one-year wage increase of at least 25 per cent from the Bell Telephone System in bargaining beginning next month.

"We have the facts and figures to realistically demonstrate the need for a 25 per cent increase right away," said the union's president Joseph A. Beirne.

His union represents nearly 500,000 of the telephone operators, clerks, installers, repairmen and other workers in the 21 Bell companies across the nation. He said the Communications Workers generally sets the pattern for all Bell employees, totaling some 900,000.

Most of the union's contracts expire by May.

Beirne, speaking at a news conference after a two-day union session to set bargaining goals, said the outlook appears tougher than the last Bell negotiations in 1968 when workers won a three-year package of 20 per cent in wage hikes and improved benefits after an 18-day nationwide strike.

But he said he hoped to reach a contract settlement without a walkout this time.

In addition to the wage demand of at least 25 per cent, the union also will seek better

pension and insurance benefits, a shorter work week, extra pay for special job categories and other contract improvements.

The union's members now average \$3.25 hourly for a 39.2-hour work week or \$128.50 a week, he said.

**Claims Arkla Earnings More Than Fair Rate**

LITTLE ROCK (AP) — Opponents of a move by Arkansas Louisiana Gas Co. to raise gas rates to industrial customers told a state Public Service Commission hearing Tuesday that Arkla's average earning from stockholders' equity has been about twice as much as the PSC considers a fair rate of return.

William Grove of Washington, an attorney for Reynolds Metals Co., said that in the years 1967-69, Arkla had realized an average rate of return on stockholders' equity of 24.3 per cent. The PSC has said that 11 to 12 per cent is a fair rate of return.

Reynolds Metals is one of several industrial customers of Arkla that are trying to convince the PSC that long-term contracts for industrial gas users should not be voided.

Arkla contends the PSC should withdraw its approval of the contracts so the utility could increase industrial rates to finance a pipeline into the Anadarko Basin in Texas and Oklahoma.

**Obituaries**

MRS. JULIA E. ARNOLD  
Mrs. Julia Eleanor Arnold, formerly of Hope and Texarkana, died Tuesday at the home of a son in California. She was the wife of the late Jimmie M. Arnold.

Surviving are a son, Walter Arnold of California and a brother, Cecil Marradale of Florida.

Services will be at 2 p.m. Thursday at Herndon Chapel with burial in Memory Gardens.

MIAMI BEACH, Fla. (AP) — Thomas E. Dewey, 68, who served three terms as governor of New York and was nominated for president twice by the Republicans, died Tuesday. Dewey, one-time crime-busting district attorney in Manhattan, lost the presidential election to Franklin D. Roosevelt in 1944 and to Harry S. Truman in 1958.

CHICAGO (AP) — Donald H. Busse, 52, national harness driving champion in 1963 and the ninth-leading harness winner of all time, died Tuesday of cancer. Busse was among North America's top 10 winners nine times in the last 12 years.

**Encephalitis From a Horse**

BOSTON (AP) — A case of horse encephalitis in a human, the first since 1956, was recorded in Massachusetts in 1970, the New England Journal of Medicine reported.

**Brooks Thinks He Won't Be Appointed**

JONESBORO, Ark. (AP) — Joe Brooks of Jonesboro, chairman of the Arkansas State University Board of Trustees, said Tuesday he had been told by a "reliable source" that he would not be reappointed to the board because he had been "far too controversial."

"In other words, I've been too damn objective," Brooks said.

Brooks, appointed to the board by former Gov. Winthrop Rockefeller, disagreed with administration policies, openly criticized the administration, and led a fight to reinstate two controversial professors that were dismissed. His five-year term on the board expires in January of 1972.

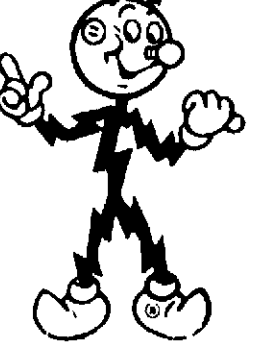

Brooks said that most boards presently take for granted policies that worked 30 years ago. He said they see no need for a change.

Many universities have fallen victim "to the rule of the immediate townsmen," Brooks said. He said that no group should dictate university policy because of proximity.

Brooks said he did not know who his successor to the board would be. He said he did not think he would be reappointed, however, "because of the way appointments are made, through political tradeouts."

## Calendar of Events

### Thursday, March 18

The Spring Hill PTA will meet Thursday night at 7:30 p.m. An informative program on drugs will be presented by Bro. Gordon Renshaw. Bro. Elbert O'Steen will bring the devotional.

Also election of officers for next year. If you want to help our community fight against drugs and have a part in the election of next years officers come to this very important meeting.

The Bodcaw P.T.A. will meet in the school cafeteria Thursday, March 18, at 7:00 p.m.

Guest speaker will be Dr. Lawrence Roberts from the Southwest Diagnostic Center at Magnolia, Arkansas. Everyone is urged to attend.

### Miscellaneous Shower for Recent Bride

A recent bride, Mrs. Grandison Royston, IV, was honored with a miscellaneous shower on February 12 in the home of Mrs. W.S. Cope in Prescott with Mrs. Tilman Martin of Lufkin, Tex., as co-hostess.

The honoree wore yellow knit and had a white glamelia corsage. White carnations were presented to the mothers of the wedding couple, Mrs. Guy N. Thompson of Morrilton and Mrs. G.D. Royston, Jr. of Hope.

The serving table was centered with a white arrangement of glads, carnations and fleu d'amour flanked by white candles in silver holders. Mrs. Dot Bonds served the punch and Mrs. Harold Stephens poured the coffee. Other refreshments were cake squares decorated with lavender and white, mints and nuts.

Miss Loren Stephens was at the guest book where 25 registered. The honored guest received many lovely and useful gifts.

### Ladies Golf Group Meets

The Hope Ladies Golf Association met Thursday, March 11 at the Hope Country Club with Mrs. Albert Bray serving as hostess at a luncheon served to 11 members.

A business meeting was conducted by the president, Mrs. Jim Pruden. It was announced that the first Interclub Play Day of the season will be in Camden March 23. Mrs. Cecil Delaney was chosen as delegate and Mrs. Emmett Wassell, alternate, for the state meeting in Hot Springs the last of March. The Hope LGA championship play will be April 5-22. Pairings will be made by current handicaps.

Because inclement weather prevented golf play, bridge was enjoyed in the afternoon.

### Iris Garden Club Meets

The Hope Iris Club held its March meeting on Friday the 12th at the home of Mrs. W.H. Etter in Washington with Mrs. Moss Rowe as co-hostess.

The meeting began with the president, Mrs. W.I. Stroud, leading the group in repeating the Club Collect. Mrs. Ted Price gave the "Thought to Treasure." After the minutes and treasurer's report were heard, the club voted to place a book in the Hempstead County Library in memory of the late Mrs. Bonnie Halbert, who was a faithful member of the Hope Iris Club. Plans were made to take part in the annual Flower Show on April 29. Members were assigned arrangements to be entered in each class of the design division.

The program centered around illustrated talks on three of the traditional arrangements. Mrs. Lahroy Spates discussed Line; Mrs. Owen Nix, the Hogarth Line; and Mrs. Bennett Wood, the Crescent. In judging the arrangements Mrs. Wood's crescent won the prize.

Scouts Hot Dog Supper On Monday, March 15, the Alphonse Roy Sr. family entertained the various Scout groups that the Roy children are connected with to a hot dog roast at the Scout Hut in Fair Park, with the help of Krogers who donated the buns and Moore Bros. who helped with the hot

dogs. Represented at the get together were Explorer Posts 92 and 93, Scout troops 91 and 92, Cubs Scout Packs 92 and 93, and Cadet Girl Scout troop 75.

Chaperones for the weiner roast were Mr. and Mrs. Alphonse Roy, Sr., Harold Sisson, Lawrence Atkinson, Olin Overturf, James Luck, Mrs. W.C. Bruner, Jr., and Mrs. Albert Patton.

## Wedding Vows Are Repeated

—Clyde Davis photo

### Mrs. Jim B. Westmoreland

Mt. Moriah Methodist Church was the setting for the wedding of Miss Judith Ann Waddle and Jim Bruce Westmoreland at 7:30 o'clock Friday evening, Feb. 26. The bride is the daughter of Mr. and Mrs. Jodie Waddle. Mr. and Mrs. J.G. Westmoreland are parents of the groom, all of Prescott.

Mrs. Lano Taylor presented a program of nuptial music and accompanied Tom White, soloist, who sang "Whither Thou Goest". Rev. Jerry Westmoreland, brother of the groom, performed the double-ring candlelight ceremony before an altar decorated with floor baskets of white gladioli and pom mums and seven-branched candelabra holding white tapers. While the couple knelt, The Lord's Prayer was repeated in unison by guests and members of the wedding party.

Miss Penny Waddle, sister of the bride, and Terry Westmoreland, cousin of the groom, lighted the candles. Given in marriage by her father, the bride was lovely in a gown of peau-de-soie fashioned on Empire lines with Juliet sleeves accented at the wrist with deep cuffs. Chantilly lace embellished with pearls overlaid the bodice. Her floor-length mantilla was secured to a headpiece of satin roses trimmed in pearls. She carried a bouquet of feathered mums centered with an orchid.

Mrs. Bill Carmen attended as matron of honor. She wore a street-length gown of yellow double-knit and carried blue carnations. Bridesmaids were Miss Rhonda May of Rosston and Miss Becky Hindman of Camden, cousin of the bride. Their dresses were blue knit identical to the matron of honor and they carried bouquets of yellow daisy mums.

Wayne Zumwalt served the groom as best man. Groomsmen were Ricky Paul and Sammy Westmoreland, cousin of the groom. Eddie Daniel and David Cearley served as ushers.

Miss Carrie Tye had charge of the bride's book. Immediately following the ceremony, a reception was held in the fellowship hall of the church. Receiving with the bridal couple and their wedding attendants were their parents, Mr. and Mrs. Jodie Waddle and Mr. and Mrs. J. G. Westmoreland and the groom's grandmother, Mrs. U.G. Westmoreland.

The bride's table was covered with a white lace cloth and centered with an arrangement of

white daisy mums. The three-tiered wedding cake, topped with a bride and groom, was placed at one end of the table. A crystal punch bowl graced the other end of the table. Mrs. Charles Cross presided at the punch bowl and Mrs. Pat Hindman, aunt of the bride, served the cake.

Rice-bags were distributed by Misses Mary and Sherri Tye. Mr. and Mrs. Westmoreland are at home at 415 E. Third St. in Prescott. Mr. Westmoreland attends Henderson State College and Mrs. Westmoreland is locally employed.

## Television and Radio

By CYNTHIA LOWRY

AP Television-Radio Writer NEW YORK (AP) — While the producers of the Oscar and the Emmy awards shows are trying to tidy up their long presentation programs, the Grammy people, for some reason, decided to adopt the awkward format—celebrity presenters, envelope-fumbling, thank-you speech and all.

The Grammy show, put on by the recording industry, passes out small golden replicas of old-fashioned phonographs to makers of the top records of the year. It has the advantage of being able to present top musical talent in hit numbers—and Tuesday night's 90-minute program on ABC was loaded with them.

There were almost a score of categories, from country to classical, with five or more nominees in each. The musical numbers went smoothly although the setting was garish, busy and distracting.

By the time the most important awards, including "record of the year," were reached the show was behind schedule. It was a breathless race with the clock to wind things up.

For the TV viewer, the old way of giving Grammy awards was better entertainment. Production numbers were taped in advance for all but the "record of the year" award, eliminating the presentations and the thank-yous which really are not much fun to watch.

CBS, announcing its fall schedule, says 13 programs have been dropped and 17 will return. Among seven new series to be introduced next September are a contemporary Western starring Glenn Ford, a comedy series with Dick Van Dyke and an action series with David Janssen. There will also be a couple of more action series and a couple of situation comedies. The Friday night movie will be 90-minute films made for TV.

CBS will drop the Jim Nabors show, Family Affair, Mayberry R.F.D., Beverly Hillsbillies, Hee Haw, the New Andy Griffith show, Green Acres, To Rome with Love, Men at Law, Hogan's Heroes, the Interns and, as previously announced, the Ed Sullivan show. Jackie Gleason, now seen in reruns of other years, has no place on the schedule.

## Woman Doctor Heads Calif. Medical Group

By BILL STOCKTON

AP Science Writer

ANAHEIM, Calif. (AP) — The first woman ever elected president of a state medical society takes office today. She still remembers having to overcome sexual discrimination by her parents to become a doctor in the first place. Dr. Roberta Fenlon, 59, an internal medicine specialist in San Francisco and a faculty member at the University of California, assumes the reins of the 25,000-member California Medical Association at its convention here.

"No daughter of mine is going to medical school," Dr. Fenlon recalls her physician-father declaring when, as a young woman, she seriously began considering the study of medicine.

"Father was opposed because he thought medical school was too hard for a woman," she said in an interview.

"And mother kept saying, 'Oh, be a good mother or a good school teacher or a nurse. There's nothing finer than a good school teacher' she would say."

That was in Clinton, Iowa, in the 1930s. Working her way through

## Coronary Care Course

LITTLE ROCK—Mrs. Shirley Wesson (left) a nurse at Hempstead County Memorial Hospital, Hope, is attending the Arkansas Regional Medical Program's 10th Coronary Care Course for Nurses held at Baptist Medical Center, March 8 - April 2. Demonstrating class material is

Miss Marilyn Shirley (right) assistant instructor of the coronary care class. The month-long course is designed to instruct registered nurses in the latest techniques in coronary care. This is one of 16 ARMP funded projects in the state.

## HELEN HELP US!

by Helen Bottel

### YOUTH ASKED FOR IT!

This column is for young people, their problems and pleasures, their troubles and fun. As with the rest of Helen Help Us!, it welcomes laughs but won't dodge a serious question with a brush-off.

Send your teenage questions to YOUTH ASKED for it, care of Helen Help Us! this newspaper.

### TOPSY TURVY WORLD

Dear Helen:

Once upon a time, in the "well ordered" old days when marriage usually came first, it was thought that sex was the greatest, closest, most meaningful expression of true love.

But with sex so cheap these days, it seems people use it to avoid getting really close—in an understanding way I mean.

Or as some gal in a cartoon once said, "I go to bed with a man to keep him from getting serious." It's all fun and games, and easier than talking. . . and never, but never forget it's just physical; blank out involvement or emotions or caring. That's square!

A woman friend made this very clear in a puzzling way. She's successful, single, and had planned to remain so—no middle class traps for her, like marriage and dull morality and runny-nosed children. And then, in spite of her best intentions, she discovered she was human. She fell in love.

Do you know how she is expressing that love? By not having an affair with the man. She insists that always before, sex has meant a casual, nothing kind of relationship. She wants this one to last. Strangely enough, the man agrees. So they are going together for six months—nothing but "proper"

school, she earned a medical degree in 1942 from Iowa State University. Dr. Fenlon interned the following year at San Francisco General Hospital and stayed two more years as an internal medicine resident before beginning private practice.

In a quarter century of practice, has she encountered sexual discrimination by her colleagues?

"Absolutely not. They've all been wonderful."

Dr. Fenlon, who never married, agrees with the goals of women liberationists but dislikes their methods.

"I can see what women's lib is saying and trying to do in terms of jobs and equal rights," she said. "But any changes in our place in this world must come through evolution and not revolution."

### Circle No. 3 Meets

Circle No. 3 of the First United Methodist Church met Monday in the home of Mrs. Bob Turner with Mrs. J. W. Turner as co-hostess.

Mrs. David Waddle, circle leader, opened the meeting with prayer and conducted a short business meeting and the World Day of Prayer offering was collected.

A timely program "The Woman Who Missed Easter" was brought by Mrs. Bob Turner and was assisted by Mrs. R. L. Broach.

During the social hour a dessert plate with coffee or punch was served to 13 members.

### Coming, Going

Mrs. F.B. Ward, Natchitoches, La., spent the weekend with her mother, Mrs. Guy Card.

Mrs. Don Purdy and son, Crowley, Tex., are spending this week with Mr. and Mrs. Frank King and other relatives.

Members of the John Cain Chapter, DAR, at the state conference of the Arkansas Society, DAR, last Thursday-Saturday in Little Rock were Mrs. John Keck, Mrs. Paul Klipsch, Mrs. Robert Vandivere and Mrs. Kelly Bryant. This Chapter won an award for being the Chapter sending the largest amount of money to the NSDAR Library and won a blue ribbon for their scrapbook.

Mr. and Mrs. Charles Foster, Shreveport, were Sunday guests of Frank Ethridge.

### On Battlefield Site

Walter Reed Hospital, the Army Medical Center in Washington, D.C., is on a tract of land about five miles northwest of the center of the city, on the site of a skirmish of the Civil War known as the Battle of Ft. Stevens.

## Bruins Could Be in for a Surprise

By TOM EMORY  
Associated Press Sports Writer  
In the National Collegiate Athletic Association Basketball Tournament, UCLA is THE show. But the Bruins might be in for a surprise Thursday night when they play Brigham Young with its 6-foot-11 Yugoslavian center, Kresimir Cosic.

BYU, 19-9, has the distinction of being the first team to get a crack at beating No. 1 UCLA, 25-1, in the tournament in the Western Regional semifinals.

Cosic acts more like a guard than a center with his 30-foot set shots, leading on fast breaks, and behind-the-back and between-the-legs passes.

There is an emotional side of Cosic which springs to the surface on the basketball court. He smiles, grimaces, hugs his teammates, suffers and gloats.

Cosic was on the 1968 Yugoslavian Olympic team and the 1969 World Games championship team. This season he carried a 15-point average and a 12.2 rebound average for the No. 20 Cougars.

In the other west playoff in Salt Lake City, Long Beach State, 23-4, plays University of Pacific, 21-5.

The Midwest Regional features Kansas, 25-1, playing Houston, 21-6, and Notre Dame, 20-7, taking on Drake, 20-7. The games will be played in Wichita, Kan.

Big Ten champion No. 10 Ohio State, 19-5, plays undefeated No. 2 Marquette, 27-0, in one game of the Midwest Regional in Athens, Ga. The other contest also has two Top Ten teams, Western Kentucky, 21-5, and Kentucky, 22-4.

Pennsylvania, 27-0, plays South Carolina, 23-4; and Fordham, 25-2, plays Villanova, 24-6, in the East Regional in Raleigh, N.C.

The survivors of the regionals Thursday and Saturday move on to the Astrodome in Houston March 25 and 27 for the national semifinals and finals.

Four games are scheduled today in the NCAA College Division Tournament in Evansville, Ind.

Old Dominion, Norfolk, Va. 19-8, was scheduled against Puget Sound, Tacoma, Wash. 21-4; and Assumption, Worcester, 25-1, against Southwestern Louisiana, 23-3.

Kentucky Wesleyan, 21-6, plays Cheyney Pa. State, 23-5; and Evansville, 19-8, plays Hartwick, Oneonta, N.Y., 21-5, tonight.

The winners move into the semifinals Thursday with the championship game Friday.

The National Invitational Tournament begins Saturday at Madison Square Garden in New York. Five first-round games are scheduled:

North Carolina vs. Massachusetts; Louisville vs. Providence; Dayton vs. Duke; Tennessee vs. St. John's N.Y.; and Georgia Tech vs. LaSalle.

## Ryun to Run in Kansas Relays

LAWRENCE, Kan. (AP) — Jim Ryun, former Kansas University runner who holds the world record in the mile, will make his eighth appearance in the Kansas Relays next month.

Bob Timmons, Kansas coach and relays director, said Tuesday that Ryun, who has just ended an 18-month hiatus from track competition, has promised to compete in the Glenn Cunningham mile event April 17.

## Solunar Tables

The schedule of Solunar Periods, as printed below, has been taken from Richard Alden Knight's SOLUNAR TABLES. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

Date	A.M.		P.M.	
	Minor	Major	Minor	Major
Wednesday	8:25	2:35	8:45	3:00
Thursday	9:15	3:35	9:45	3:50
Friday	10:00	4:30	10:40	4:55
Saturday	11:05	5:30	11:40	6:00
Sunday		6:25	12:20	6:55

## Dollar War Starts in Pro Cage Draft

By BILL WINTER

Associated Press Sports Writer  
LOUISVILLE, Ky. AP — Firing the coals for a certain dollar war with the National Basketball Association, the American Basketball Association Kentucky Colonels signed Jacksonville All-American Artis Gilmore to a pact called "the biggest ever given to an ABA player."

The 7-foot-2 center, flanked by Colonels' President Mike Storen and ABA President Wendell Cherry, signed the pact before 11,000 spectators in Louisville's massive Freedom Hall Tuesday night.

The signing ceremony, carried live on television, came between games of an ABA doubleheader, with Gilmore slowly walking the length of the court to the accompaniment of a standing ovation before inking the contract.

Storen said the contract was the richest ever given an ABA player, but refused to reveal its dollar value.

A report by The Louisville Times Tuesday set the amount of the contract at "in excess of \$2 million," and Gilmore's college coach, Tom Wasdin, said in Florida that he had heard similar figures.

Gilmore's signing gave the ABA a running start in its recruiting battle with the NBA, and is expected to inspire other college seniors to hike their salary demands.

Oregon star Stan Love, the Pacific-8's top scorer this season but seldom mentioned often among the nation's leading prospects, said Tuesday he wants a \$500,000 contract to play professional ball.

Other top seniors are expected to demand higher figures.

Gilmore carries impressive credentials into his pro career. He averaged 26.5 points and 22.2 rebounds per game in leading the Dolphins to the finals of the NCAA championships during his junior year.

This season he led the nation in rebounding with 23.2 per game while scoring at a 22.3-point clip.

His greatest contributions came on defense, where he averaged 10.3 blocked shots per game. In one game against East Carolina, he blocked 17 shots.

Southwestern, making its first NCAA tournament appearance, is led by Little All-American Dwight Lamar, top college scorer of the nation with a 36.6 average.

Assumption, with the meet's best record of 25-1, has the best offensive average of 99.1 and rebound average of 60.9. The Greyhounds' triggerman is Jake Jones, who is on the second Little-All-American team.

The game between the two college powers is the second of the afternoon program which opens with Old Dominion of Norfolk, Va., (19-8) opposing No. 10 Puget Sound of Tacoma, Wash. (21-4).

At night, No. 13 Kentucky Wesleyan (21-6) plays Cheyney State of Pennsylvania (23-5) and Evansville (19-8) meets Hartwick of Oneonta, N.Y. (21-5).

## Pleasantly Led From the Start to Win

HOT SPRINGS, Ark. (AP) — Pleasantly, owned by Forrest H. Lindsay, led from wire to wire, but had to hold off a late bid by Hindiya to win Tuesday's \$9,000 feature race at Oaklawn Park.

The five-year-old gelding ran the one mile and 70 yards of fast track in 1:43 2-5 to pay \$7.40, \$3.80 and \$2.80.

Hindiya paid \$3.80 and \$3.20 and Joe Top, owned by T. F. Russell Jr., held on for third to return \$3.60.

Pleasantly broke first out of the gate and was only seriously threatened once. Kingston Odie, with Joe Ehardt aboard, was second by about a half-length going down the back stretch and made a bold bid to take over the lead as the horses headed for the stretch turn.

Slightly pressured by the move, Pleasantly allowed Kingston Odie to get only within a head of the lead. Pleasantly started pulling away entering the stretch and a move by Hindiya was too late.

Jockeys Lonnie Ray and Steve Richie each rode winning doubles. Ray, returning from a five-day suspension, rode Bright Dusk in the seventh and Des Ark in the ninth. Richie was aboard Gleen Pat in the first and Pleasantly in the eighth.

The daily double combination of Gleen Pat in the first and Come on Toro in the second, numbers 1 and 1, paid \$37.

The crowd of 10,896 wagered \$906,800.

Power Judge, under 112 pounds and jockey Don Brumfield, heads a field of eight four-year-olds and upward in today's \$10,000 St. Patrick's Day purse.

Others scheduled to go the six furlongs are Dark Star King (110), Midnight Hour (107), J. Ensign (110), C.G.'s Count (110), Iron Control (112) and Big Kamp (107).

## Chicago Cubs

National League—East

PROSPECTUS: Cubs scored most runs of any major league team in 1970 and spent 64 days of season in first place—from April 22 to June 24—but on Oct. 2, when it counted, they were second. Leo Duracher hasn't made any major trades and too many of his players seem to be nearing the pivotal early-30s stage. Still, there is enough talent on hand to win a division pennant. Leo, it would seem, will have to stop burning out his players by the end of July.

PITCHING—Ferguson Jenkins continues as the workhorse of the staff. He set club record of 274 strikeouts, was 22-16 last season. Ken Holtzman (17-11) and Bill Hands (18-15) are first-rate starters. But after them, Cubs fall off. Milt Pappas and Jim Colborn back of rest. Phil Kegan needs help in the bullpen. Lefty Larry Gura and Joe Ducker, team's fourth starter much of 1970, could supply it. Rating: B

CATCHING—Randy Hundley missed half of last season with a knee injury. He wound up playing in 73 games, and hit .244. Danny Breeden, from Reds, has been added for depth. Rating: B

INFIELD—Joe Pepton, picked up after he quit the Houston Astros, splits his time between first base and the outfield. He hit .258 and 19 home runs after Cubs salvaged him. Glenn Beckert, unspectacular but reliable, at second, had a typical season of plate last year, hitting .288. Don Kessinger (.266) plays at short and Ron Santo (.267) at third. When Pepton plays out in the outfield, Eric Banks, 40, plays first. Rating: B

OUTFIELD—John Callison, Jim Hickman and Billy Williams all had fine seasons in 1970. Callison hit 19 home runs, Hickman 315 with 32 homers, and Williams 322 with 42 homers and 129 RBIs. Williams was runner-up in MVP voting. Only concern is age. Hickman is 33, Williams and Callison both 32. Rating: B

COOKIES TO WATCH—Catcher Ken Knapke, 24, will be kept around as well as pitcher Larry Pugh, 22.

Predicted Finish: 3rd in East

## Big Hurlers Are Shaping Up Early

By HERSCHEL NISSENSON

Associated Press Sports W  
The big-name pitchers are rapidly getting in shape for the start of the baseball season. Phil Niekro hurled five good innings Tuesday, Mike Cuellar went seven .. and Choji Murata went nine.

Choji Murata pitches for Japan's Lotte Orions and he stifled the California Angels 7-2 on seven hits, including Tony Conigliaro's first home run. Murata walked four and fanned eight.

Niekro, whose knuckleball didn't knuckle down to business last year, yielded only one hit during his stint as the Atlanta Braves whipped the Minnesota Twins 5-2.

Baltimore's Cuellar, off a lackadaisical winter campaign, was in world championship form, blanking the Los Angeles Dodgers for seven innings in a 3-0 Oriole victory. Tom Dukes finished up and Frank Robinson belted a mammoth home run.

Japan's other touring team, the Tokyo Giants, lost to Pittsburgh 6-2 when the Pirates scored four times in the eighth inning. Gene Clines had four hits for the Bucs.

Bookie Bill Bonham and veteran Bill Hands combined for a one-hitter—a single by Rafael Robles in the fifth—and the Chicago Cubs edged the San Diego Padres 2-1 on Jose Ortiz' ninth-inning RBI triple.

The Chicago White Sox anastomized Astros also got strong pitching. Tom Bradley and two rookies stopped the New York Yankees 8-0 on four hits as the clubs began a two-game visit to Venezuela. It was New York's eighth consecutive setback.

Sore-armed Don Wilson worked five scoreless innings and Houston downed Philadelphia 4-1.

Cleveland outlasted Oakland 10-7 in another game featuring the experimental three-ball walk. There was a total of 23 walks.

The Detroit Tigers trounced the New York Mets 10-4 behind a six-run outburst in the fifth, capped by Mickey Stanley's grand slam. Jose Cardenal's grand slam was one of three St. Louis homers—Ted Simmons and Joe Torre hit the others—in the Cardinals' 10-7 triumph over Cincinnati.

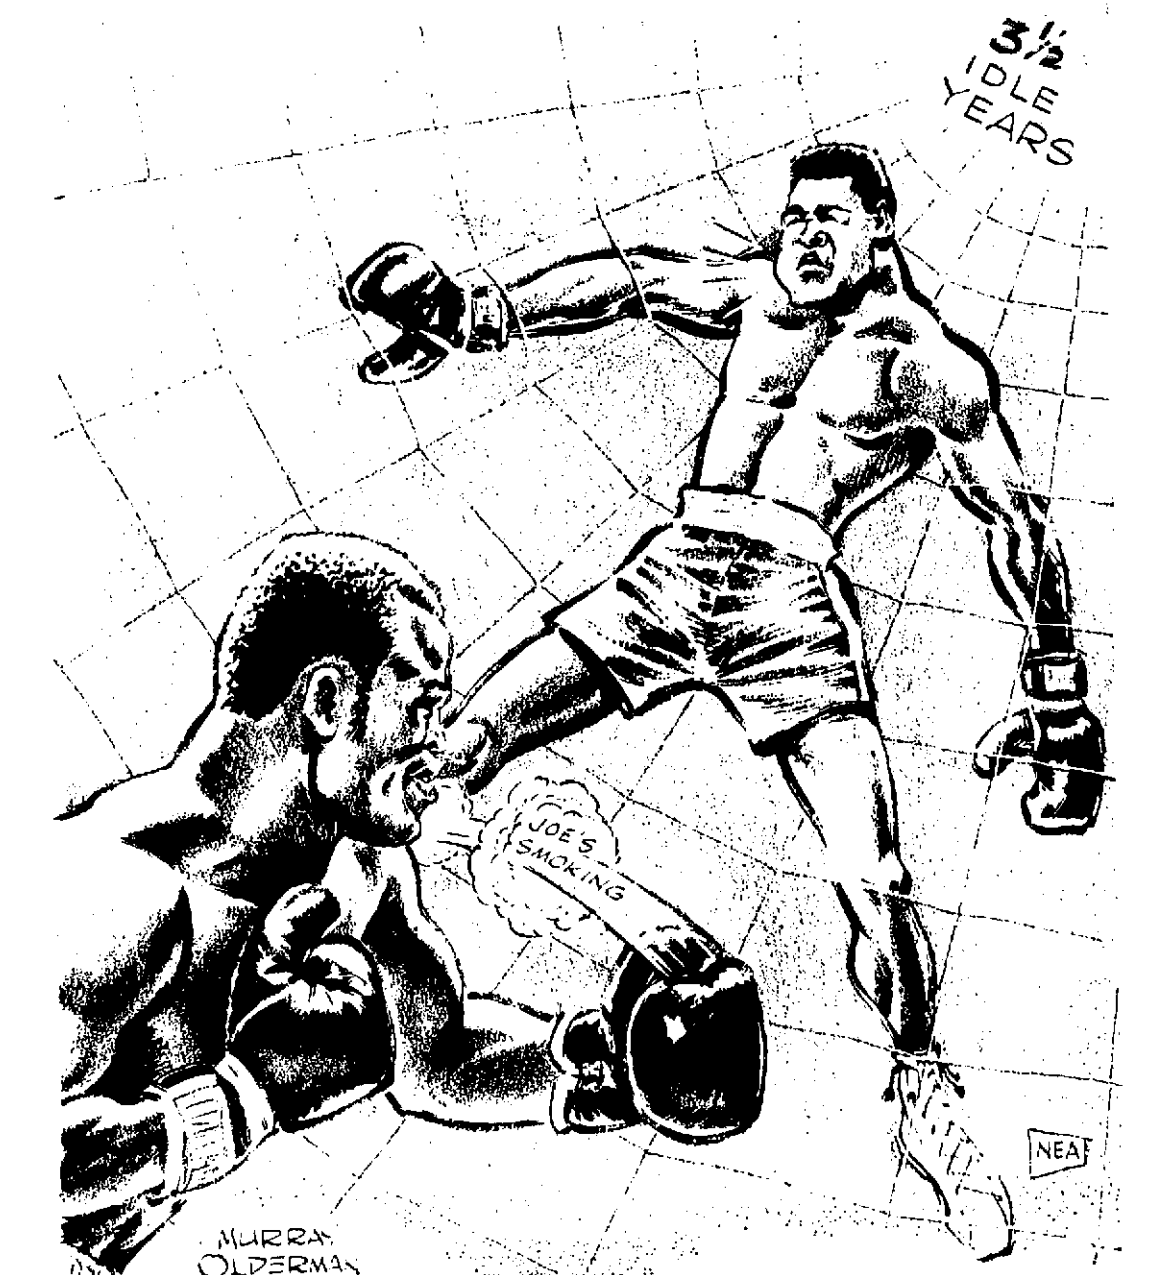

Washington got home runs from Mike Epstein and Frank Howard, the first for each, and shaded Boston 5-4 with a run in the ninth. San Francisco nipped Milwaukee 6-5 on George Foster's 10th-inning sacrifice fly.

The Montreal Expos stole the go-ahead run in the top of the ninth when Jim Pairey and Garry Sutherland pulled a double steal and downed Kansas City 6-4.

SPORT SHORTS

By THE ASSOCIATED PRESS

NEWTON, Mass. (AP) — Boston College's basketball team Tuesday named 6-foot-7 center Peter Schmid of Syracuse, N.Y., captain for the 1971-72 season.

## Frazier Is Laid Low by His Fans

PHILADELPHIA (AP) — What Muhammad Ali couldn't do in 15 rounds, a week of greeting fans and signing autographs has laid Joe Frazier low.

The heavyweight champ was admitted to St. Luke's hospital in Philadelphia Tuesday, eight days after he hammered out a unanimous decision over Ali in Madison Square Garden to become the undisputed heavyweight king.

Dr. James Giuffre said Frazier complained of "tiredness" on a visit to the hospital during which the champ showed fight films to children in the wards.

Frazier was admitted for at least a week of rest, the doctor said, after tests revealed he had high blood pressure.

"This is definitely not fight connected," the physician said, dismissing rumors that the champ had suffered serious injuries in his 15-round slugfest with Ali.

The physician said the trouble stemmed from the strenuous schedule of engagements Frazier has been keeping since he nailed down the heavyweight title.

"He has no abnormal complaint except tiredness," said Dr. Giuffre, who has known the fighter for the past five years. "He has a beautiful pulse rate of 48, which is perfect for an athlete."

## First Round in Junior College Play

HUTCHINSON, Kan. (AP) — Host Hutchinson plays Bacone of Muskogee, Okla., and Niagara County of Niagara Falls, N.Y., takes on Three Rivers of Poplar Bluff, Mo., today to complete first round action in the National Junior College basketball tournament.

Columbia, Tenn., State, 27-1, and The College of Southern Idaho, 34-2, topped the list of first round winners in opening action Tuesday.

Columbia beat Robert Morris of Pittsburgh, Pa., 88-81, and Southern Idaho blasted Manhattan Community College of New York City, 75-56.

In other games, Bismarck, N.D., defeated Hill College of Hillsboro, Tex., 88-76, Robert Morris of Carthage, Ill., edged Gulf Coast of Panama City, Fla., 77-76, Tyler, Tex., turned back Ferrum, Va., 88-89 and Ellsworth of Iowa Falls, Iowa, nipped Casper, Wyo., 63-60.

In other action tonight, Robert Morris of Pittsburgh plays Manhattan in a losers bracket game while Columbia meets Southern Idaho and Tyler clashes with Robert Morris of Carthage, Ill., in the second round of championship play.

BOSTON (AP) — Herman Bruce, 34, of Chicago has been appointed the first fulltime business manager for the Boston Patriots of the National Football League.

Opening lead—♣ 9

**By Oswald & James Jacoby**  
You should learn to play Stayman in response to a two no-trump opening the same way you use it in response to one no-trump. In this case the three-club response is artificial and asks partner to bid three of a four-card major if he holds one.

The major difference is that after a two no-trump opening and Stayman response the partnership is committed to game. Like all conventions no guarantee goes with it. Without Stayman, North would simply raise to three no-trump. South would be looking at eight top tricks and at some stage of play he would lead a club toward his hand and score the ninth trick with his king. Four hearts makes also but there is a trap in the play by South at that contract. West opens the nine of clubs. East rises with the ace and leads back the queen. If South covers with the king. West will ruff and eventually East will collect two more

## DR. LAWRENCE E. LAMB Radiation in Body Can Be Measured

By Lawrence E. Lamb, M.D.

Dear Dr. Lamb—Is there some way of finding out the amount of radiation the body has accumulated from X rays? Is there a specialist who could give us a definite answer? Does this radiation ever leave the body?

Dear Reader—It is not easy to find a medical center that can really do this. A device called a whole-body counter has the ability to determine the amount of radiation the body contains. That would give some in-

## McGovern Says He Can Carry the South

ATLANTA, Ga. (AP) — Presidential candidate Sen. George S. McGovern, D-S.D., contends he can carry the South in 1972 because Southerners "admire someone who speaks out bluntly on the issues." He also said he would consider a Negro—or a woman—as a vice presidential runningmate.

He listed his strongest potential supporters as farmers, small-business men, opponents of the Vietnam war and conservationists. McGovern, who appeared on WSB-TV's weekly news conference Monday, said he is primarily interested in ending U.S. involvement in Indochina so the nation can give more attention to solving domestic problems.

McGovern said he would engage in a nationwide campaign during the next 18 months and was not worried that Sen. Edmund S. Muskie, D-Maine, is the apparent front runner among Democratic hopefuls. McGovern said President Nixon will have to pull "a miracle out of his hat" to get the nation out of Vietnam before the election.

McGovern said he would "absolutely" consider having a Negro as a runningmate if he wins the nomination, but that the person with the best qualifications for vice president could well be a woman.

club tricks to set the contract. Can South make the heart game against this defense? Yes! He must let East hold the second club. East will lead a third club for his partner to ruff but that will end the party. If East leads the jack North's 10 becomes good. If East leads the eight, South plays low. It would cost South a trick if clubs divided 3-2 but it wouldn't cost him the contract trick.

(NEWSPAPER ENTERPRISE ASSN.)

**♥+CARD Sense♦♦**

The bidding has been:

West	North	East	South
Pass	2 ♠	Pass	1 ♥
Pass	4 ♥	Pass	4 N.T.
Pass	5 ♥	Pass	5 N.T.
Pass	6 ♥	Pass	?

You, South, hold:  
♠ 8 ♥ K 10 7 6 5 ♦ A K Q 9 4 ♣ A 2  
What do you do now?

A—Pass. If partner held ace-queen of hearts plus another ace and two kings he would have bid differently. There must be a heart loser.

**TODAY'S QUESTION**  
Instead of jumping to four hearts your partner has bid three hearts over your three diamonds. What do you do now?

Answer Tomorrow

## Job Security Questionable With Colonels

By THE ASSOCIATED PRESS

There must be a lot of job insecurity on the Kentucky Colonels basketball team now. It isn't every ballplayer who learns he may be replaced by a 7-foot-2 Artis Gilmore.

Whether the Colonels were inspired by fear or joy by the team's signing of the Jacksonville University star, the result was a 122-104 victory Tuesday night over the New York Nets in an American Basketball Association game.

Dan Issel topped the Colonels' scoring with 39 points and was the big rebounder with 21 grabs. Rick Barry hit 29 points for the Nets, but only 10 in the last half when the Colonels were rallying to win.

In other ABA games, Indiana defeated Pittsburgh 130-119; and Memphis knocked off Denver 127-118.

In the National Basketball Association games: New York 115, Los Angeles 82; Chicago 113, Baltimore 99; Cleveland 108, San Francisco 103; Cincinnati 113, Buffalo 102; Atlanta 130, Philadelphia 125; and Milwaukee 119, Phoenix 111.

Indiana's victory was the first game of a doubleheader in Louisville with the Colonels-Nets game. Roger Brown and Freddie Lewis led the Pacers with 39 and 29 points, respectively. Stew Johnson scored 39 and John Brisker 28 for the Condors.

Indiana jumped to an early 11-point lead before Pittsburgh revived to gain a 50-50 tie before the half and a 63-63 tie just after intermission. A Mel Daniels' field goal gave the Pacers the lead for good early in the third quarter.

The Jones boys—Steve and Jimmy—and Wendell Ladner

scored 94 points in the Memphis victory. Steve hit 32 points and Jimmy and Ladner 31 each as the Pros led by as many as 15 points.

It was Memphis all the way but Larry Cannon boomed 29 points for Denver in its losing effort.

## Hard to Turn Down Offer of \$1 Million

By MIKE RECHT

Associated Press Sports Writer

NEW YORK (AP) — How do you tell a 19-year-old college basketball player to turn down a million dollars? You can't, agree a number of the top coaches in the country.

"If I had a poor kid who could grab himself \$1½ million it would be hard to tell him not to. I wouldn't want to take anything away from the kids," said Frank McGuire of South Carolina, whose 6-foot-11 junior Tom Riker was drafted Monday by the American Basketball Association.

"I can't blame them for dropping out of school. It's a great temptation. But the colleges really can't do a thing. We're at their (pros) mercy."

Al McGuire of No. 2 ranked Marquette assures that he, too, would advise a player to accept the money now and worry about a college degree later.

"I've looked in Chones' refrigerator and I don't see much," McGuire said of his 6-11 sophomore ace Jim Chones, who also was selected in the ABA draft. "There's no way I can stop a boy if somebody comes along and offers him \$250,000."

The financial hardship reason was used by Denver of the ABA to sign first Spencer Haywood and then Ralph Simpson after their sophomore year.

But at the same time, the coaches felt that open recruit-

## October Agony Lingers With Minnesota

By DICK COUCH

Associated Press Sports Writer

ORLANDO, Fla. (AP) — The agony of past October lingers on for the Minnesota Twins—and they've had a couple of headaches this spring, too.

Minnesota, blasted out of the first two American League pennant playoffs in successive three-game Baltimore sweeps, is getting ready to make another run for the money. But the Twins' spring training getaway has been slowed by a series of ailments, holdouts and defections.

"It has to hurt when it happens to you twice in a row," says Manager Bill Rigney, who took it on the chin from the Orioles last fall, as had his predecessor, Billy Martin, the previous year. "But we're still facing the same thing, regardless of what happened."

The Twins appear to have the personnel for another successful title defense in the AL West—if they don't run into more of the obstructions that have marked their spring maneuvers.

Rod Carew, the swift, hot-hitting second baseman who was out for most of last season with a mangled knee, showed up

ing, drafting and signing of undergraduates by the pros would hurt everyone—the colleges, the boy and particularly the pros, and they also talked about moral commitments.

At present, both pro leagues, the ABA and the National Basketball Association, have rules that no team can draft or sign a player whose college class has not graduated. But Denver and Virginia, which drafted Riker, Chones and Barry Parkhill of Virginia University, and Seattle of the NBA have chosen to ignore the rules.

HOPE (ARK.) STAR, Printed by Offset

early in camp but missed the first week of exhibition play because of 10 abscessed teeth.

Luis Tiant and Dave Boswell, former 20-game winners who won just 10 between them in 1970 because of shoulder and back ailments, were slow working their way into competitive shape. Camilo Pascual, another onetime pitching ace, came to camp on a trial basis, impressed Rigney in his first outing—and then disappeared without a goodbye.

Bill Zepp, who picked up some of the pitching slack last season with nine victories as a rookie, refused to report and asked the Twins to trade him to Detroit. Outfielder Tony Oliva and Cesar Tovar held out for pay hikes and shortstop Leo Cardenas was missing for a week.

If Rigney gets them all together, the Twins should again produce plenty of runs. Led by Harmon Killebrew, Oliva and Tovar, they batted .262, tops in the league, and finished nine lengths ahead of second-place Oakland in the West Division race.

The A's and California Angels figure to put up a stronger fight this year, however, and Rigney feels he will need more pitching depth than last year to stay on top.

The 1970 yeomen were Jim Perry, the AL Cy Young Award winner; Dutch-born teen-ager Bert Blyleven, left-handers Tom "The Blade" Hall and Jim Kaat, relief artists Ron Peranoski and Stan Williams, and Zepp.

Perry, 24-12, Blyleven, 10-9, and Kaat, 14-10, are likely starters. Hall, a 150-pounder who was 11-6 with 184 strikeouts, could go as a starter or reliever. Tiant, 7-3, and Boswell, 3-7 are the question marks.

Perranoski, who set a league mark of 34 saves, and Williams, 10-1 with 15 saves, are solid stoppers. Sal Campisi, picked up from St. Louis in the Twins' lone off-season deal, might make it in the bullpen, too.

Rigney is heartened by the imminent return to form of Carew, who was batting .378 last June when he injured his knee in a sliding mishap. "When you lose Carew for 110 games, you're losing a run a game," he says.

Third baseman Killebrew batted .271 swatted 41 homers and knocked in 113 runs last year; Right fielder Oliva had his best season with 23 homers and 107 RBI.

Center fielder Tovar hit .300. He could switch to left if Paul Ray Powell, a gifted glove man, hits enough to make the jump from the minors. Otherwise, Tovar probably will stay in center, with Brant Alyea, .291, 16 homers, and Jim Holt, .266, again platooning in left.

## Big Boys Top Class in NCAA Meet

ATHENS, Ga. (AP) — Dean Meminger of Marquette and Jim McDaniels of Western Kentucky head the cast of individual stars in the National Collegiate Athletic Association's power-packed Midwest Regional basketball tournament which

## Bucyk Takes Spot From Teammates

By THE ASSOCIATED PRESS

Johnny Bucyk, overshadowed this season by the scoring pyrotechnics of his Boston teammates, Phil Esposito and Bobby Orr, has carved his own little niche in the National Hockey League record book.

Bucyk became the fifth man in NHL history to crack the 50-goal plateau Tuesday when he scored twice in Boston's 11-4 rout of Detroit.

In other games, St. Louis trimmed Montreal 6-2, Minnesota routed Los Angeles 7-2 and Chicago whipped Vancouver 7-4.

A crowd of 15,547—largest in Detroit hockey history, packed the Olympia to see the record shattering Bruins in operation and the East Division leaders put on another awesome offensive show.

Bucyk, Rick Smith and Wayne Carleton had two goals each and Esposito increased his own record with his 62nd goal of the year as Boston upped its team scoring record to 356 goals—53 more than the old record. And they still have seven regular season games to play.

Until 1961, Montreal's Maurice Richard had been the only man in history to hit 50 goals. Then Bernie Geoffrion of Montreal and Chicago's Bobby Hull both reached the mark.

Hull has had 50 or more goals four times and set the old mark of 58 goals two years ago. Then Esposito shattered that mark this season and Bucyk joined him in the select circle.

Bucyk's feat, of course, made the Bruins the first team in history to have a pair of 50-goal men in the same season.

Not as spectacular but still impressive to St. Louis fans was their team's victory over Montreal. It marked the first time ever that the Blues had beaten the Canadiens at St. Louis.

Bill Goldsworthy powered Minnesota past Los Angeles with three goals as the North Stars broke loose for five goals in a seven-minute span of the opening period.

Doug Mohs, Charlie Burns, Buster Harvey and Ted Hampson also clicked for Minnesota while Ross Lonsberry and Bob

begins Thursday night.

Each of the four teams competing for a berth in next week's NCAA finals at Houston's Astrodome was ranked among the nation's top ten in the final Associated Press poll.

Meminger, an excellent playmaker, averaged 21 points per game in leading the Warriors, ranked second in the nation, through an undefeated regular season and a 62-47 triumph over Miami of Ohio in the Midwest first round last week.

Marquette, 27-0 this year and winner of 39 straight, faces Big Ten champion Ohio State in the regional opener at 7:05 p.m. EST. Southeastern Conference champ Kentucky battles Western Kentucky in the second game at 9:05 p.m. in the first meeting ever between the two Kentucky schools rich in basketball tradition.

Western is ranked No. 7, Kentucky eighth and Ohio State 10th.

and found the range for the Kings.

Bobby Hull scored once and assisted on four other goals in triggering Chicago's conquest of Vancouver. Hull's goal was his 41st of the season and the five points made his point total 90.

Chico Maki scored twice for the West Division winners and Dennis Hull, Keith Magnuson, Lou Angotti and Bryan Campbell added a goal apiece. Rostislav Patera tallied twice for the Canucks and Dale Tallon and Bobby Schmautz rounded out the Vancouver scoring.

The Hawks' Magnuson collected four minutes in penalties to break the league record for penalty minutes with 275. Howie Young set the mark of 273 minutes with Detroit in the 1962-63 season.

## Bulls Chances Brighter With Victory

By THE ASSOCIATED PRESS

The lights dimmed in New York and got brighter for Atlanta and Chicago.

While New York tolerated another power failure—this one confined to the game between Los Angeles and the Knicks at Madison Square Garden—Atlanta's Hawks and Chicago's Bulls brightened their chances for National Basketball Association playoff berths.

The Knicks demolished the Lakers 115-82, Atlanta overhauled Philadelphia 130-125 and Chicago outran Baltimore 113-99 Tuesday night.

In other NBA action Cleveland upset San Francisco 108-103, Cincinnati held off Buffalo 113-102 and Milwaukee belted Phoenix 119-111.

In the American Basketball Association Indiana pounded Pittsburgh 130-119, Kentucky bombed New York 122-104 and Memphis mauled Denver 127-118.

The Knicks were leading 71-58 late in the third period when most of the lights—along with the scoreboard, clocks and public address system—went on the blink.

"Let's hide the ball off the court," Los Angeles center Wilt Chamberlain joked as the fourth quarter began with New Yorking 80-63. "Then they won't be able to find it either."

It might not have been a bad idea. Moments later the Knicks reeled off 11 straight points to finish off the Lakers. Walt Frazier topped New York with 22 points. Willie McCarter had 19 for the losers.

Atlanta, runner-up in the Central Division, retained its 1½-game edge over Cincinnati in its playoff race. The Hawks trailed Philadelphia by 18 points but Lou Hudson and Pete Maravich combined for 30 fourth-quarter points to turn the tide. Hudson finished with 43.

## Hawkins, Like Prodigal, May Be Returning

PITTSBURGH (AP) — Connie Hawkins, like the prodigal son, may be returning home.

The Hawk, who jumped from the Pittsburgh franchise of the American Basketball Association last season to the Phoenix Suns of the NBA, has a verbal agreement with the Pittsburgh Condors to sign a contract at the end of this season, the Associated Press learned Tuesday.

The 28-year-old Hawkins was

named the ABA's most valuable player when he was with Pittsburgh in 1967-68, the year the club won the ABA championship.

He moved to the NBA last year after settling a suit with the league.

An authoritative source said the agreement with the 6-foot-8 Hawkins was made by a Condors official in a Detroit motel recently when the Suns played there.

Hawkins, however, is denying that he has had any negotiations with the club.

Legislators to Get Money for Expenses

LITTLE ROCK (AP) — Gov. Dale Bumpers said Tuesday he had signed a bill to give members of the legislature an allowance for expenses incurred between legislative sessions.

The governor said, however, he had reservations about the bill because it could be construed as a circumvention of legislative salary limits imposed by the state Constitution. He also said he had reservations about the measure because the amount legislators

Well Known Secret Is Announced

By FRANCES LEWINE Associated Press Writer WASHINGTON (AP) — Ending the secret that nearly everyone has known for weeks, President Nixon has announced his daughter Tricia will marry Harvard Law student Edward F. Cox in a White House ceremony June 5.

The President and Mrs. Nixon made the formal announcement Tuesday night at a party that was a three-way celebration—the First Lady's 59th birthday, St. Patrick's Day and, of course, the engagement of his 25-year-old daughter.

The announcement ended months of what had become nonsuspense.

The President took the leaking of the engagement in good humor. He prefaced the formal announcement by saying everytime he has something important to say it gets out in advance and this was no exception.

But, taking the advice he said was given him by Irish Prime Minister John Lynch, the Tuesday evening guest of honor, Nixon said "It isn't official until I say it is."

Tricia, blonde, beaming and radiant in a low cut, white silk dress glittering with tiny pearls, stepped into the spotlighted East Room stage hand-in-hand with her tall, handsome blond fiance to take a bow with their parents.

Thomas Dewey Succumbs Unexpectedly

MIAMI BEACH, Fla. (AP) — Some gentle advice from his singing teacher turned Thomas E. Dewey from pursuit of a career on the concert stage to a life of law and Republican politics that included two bids for the presidency.

Dewey, who served three terms as governor of New York, died of a heart attack in his hotel room Tuesday as he was preparing to fly to Washington for a White House party. He was 68.

President Nixon praised Dewey as "a great patriot, a distinguished statesman and a fine human being" and said of the party, "The occasion is diminished beyond words for both Mrs. Nixon and me by his death."

Funeral arrangements were pending early today but the body was to be flown by private plane this afternoon to New York City.

Dewey was an aspiring young baritone just out of college in 1923 when he went to New York to study with the famous singing coach, Percy Rector Stephens.

Stephens eventually advised Dewey that he sang "too intelligently" to expect outstanding success. Music critic Deems Taylor put it a bit more critically when he observed Dewey's singing lacked feeling.

The lack of flair or flamboyance they found in his singing was seen by some of Dewey's Republican critics in later years as the reason for his failure to win the White House.

But Dewey began his public career as one of the toughest racket-busting prosecutors of his time. His rise started with his appointment as a special prosecutor in 1935 to conduct the Rackets Investigation in New York City.

He was elected district attorney of the county two years later. He obtained convictions against 72 of 73 defendants, shattering a powerful web of racketeers.

Best known among them was Charles "Lucky" Luciano. Another big name was James J. Hines, a Tammany district leader accused of being a protector of gangsters.

St. Patrick's Day Troubled This Year

By ANDREW TORCHIA Associated Press Writer DUBLIN, Ireland (AP) —

Twenty-five hundred Americans, more than double the number last year, joined today in St. Patrick's Day festivities in Dublin. Their exuberance was undimmed by some conservative Irish criticism that they were too blarney.

The Irish Tourist Board lured the Americans for a whole week of celebration to bolster the nation's faltering tourist trade. It expected them to spend \$360,000.

The criticism began with the appearance of 300 Friendly Sons from Newark, N.J., marching in a Galway celebration Sunday in vivid green blazers embroidered with leprechauns.

Grammy Awards for Year's Best Songs

HOLLYWOOD (AP) — Simon and Garfunkel's "Bridge Over Troubled Water," has won six Grammy awards—the recording industry's counterpart of the movies' Oscars and television's Emmys.

The awards, gold-plated miniatures of an old-style horn phonograph, went to the song Tuesday night as the best record, album and song of the year and as the best contemporary song, the best engineered recording and the best-arranged vocal recording.

The Carpenters, brother and sister ballad singers, were honored in two categories—as best new artists of the year and for best contemporary vocal performance by a duo, group or chorus. The second Grammy was for their recording of "Close to You."

Flip Wilson's "The Devil Made Me Buy This Dress" was judged the best comedy recording.

The 13th annual Grammy awards of the National Academy of Recording Arts and Sciences honor creative achievement in recording during 1970. The presentation ceremony was televised live nationally for the first time.

Andy Williams was master of ceremonies at the Palladium ballroom.

For Beatles fans, Paul McCartney attended and was pursued by shrieking camera flashers as he ran to his car in the parking lot with his wife Linda after the awards. He told newsmen he had been here three weeks to work on an album.

McCartney had collected the Grammy for himself and Beatles John Lennon and George Harrison as composers of "Let It Be." The song was honored as best original score written for a motion picture or TV special.

"This is the type of image the Irish do not want," said Michael Smith, a Galway City official.

"They also sent us a letter referring to the 'Ould Sod' and other kinds of blarney. This type of thing should be discouraged."

The Dublin Evening Herald join in with an editorial.

"We all have to make allowances for the exuberances of the New World," it said. "Such things as miniskirted majorettes are all right in their own atmosphere. But they don't fit in somehow in the conservative and traditional celebration of St. Patrick in the real Ireland."

The president of the Friendly Sons, detective Lt. Bart Dougherty, 50, of Maplewood, N.J., said he understood "how people here get piqued when a group from the United States comes over and acts 135 per cent Irish."

"But I don't think most people of Galway feel that way," he went on. "People here don't understand what it means to be Irish in the United States. You've got to be more Irish than the Irish."

Father Gave Oath Calvin Coolidge took the oath of office as president at the family homestead at Plymouth, Vt. The oath was administered by his father, John Coolidge, a notary public and justice of the peace.

## After Four Months Calley Case to Jury

By HARRY F. ROSENTHAL  
Associated Press Writer  
FT. BENNING, Ga. (AP) — In a spartan room, six Army officers sat today in judgment of Lt. William L. Calley Jr., accused of My Lai murders.

"Think back to the events of 15 and 16 March 1968," the jurors were admonished Tuesday by Judge Reid Kennedy, "You and you alone have the independent responsibility of deciding the ultimate issue as to the guilt or innocence of Lt. Calley."

Thus, after four months of testimony, the fate of My Lai's most publicized figure was entrusted to men who have tasted battle and know the agonies of command.

They must weigh whether Calley is guilty of executing all or any of 102 villagers as charged or whether he is in the words of his attorney — the "pigeon" of the tragic assault. The lawyer called him "The lowest officer on the totem pole in this whole business."

Available to the court-martial jury are four possible verdicts on court: premeditated murder carrying a sentence of either life imprisonment or death; unpremeditated murder with life imprisonment the maximum; voluntary manslaughter with a maximum sentence of 10 years and acquittal.

Four of the six men must concur in any guilty verdict under military law. Then they would retire again to fix a sentence.

The jurors were assigned separate quarters Monday at the start of final arguments, screened from all outside contact.

It was the first time they had been sequestered in the trial which began Nov. 12.

Calley was 24 and a fledgling second lieutenant when he led Charlie Company's understrength, under-trained 1st Platoon on its search and destroy mission through My Lai, one of the hamlets believed to be the bastion of the 48th Viet Cong Battalion.

The assault force encountered no enemy troops on that March 16, 1968, only the old men, women and children of the village.

Of the 10 men charged originally as a result of the My Lai raid, Calley is the third to be tried—and the first for a capital offense.

Two sergeants were acquitted after brief courts-martial and charges were dropped in the cases of five remaining enlisted men.

Capt. Ernest Medina, Calley's company commander and the man the lieutenant says gave the order to kill civilians, is to be tried soon, charged with over-all responsibility for My Lai.

## Legal Services for Poor to Be Offered

By TOM SEPPY  
Associated Press Writer  
WASHINGTON (AP)—A bill to establish an independent, nonprofit legal-services program for the poor will be introduced in Congress Thursday with bipartisan support.

The measure would establish the "National Corporation for Legal Services," a private government-financed agency to take over the program which now is run by the Office of Economic Opportunity.

It calls for an 18-member board of governors to run the agency. Six members would be publicly appointed—five by the President and one by the Judicial Conference.

Six representatives would come from professional organizations such as the American Bar Association. Two new agencies—the National Clients Council and the Legal Services Organization—each would name three governors.

Funding for the new corporation, to be patterned after the Public Broadcasting Corp., would be provided under separate title of the Economic Opportunities Act which supplies money for the OEO. Estimates of the annual cost range from the \$61 million spent for the current program to \$140 million.

## UN Force for Mid-East Needs Congress Aid

By JOHN M. HIGHTOWER  
AP Special Correspondent  
WASHINGTON (AP) — The Nixon administration is counting on Congress to support U.S. troop participation in a hoped-for Egyptian-Israeli peace settlement.

Secretary of State William P. Rogers said Tuesday he was satisfied that if an agreement acceptable to Israel and Egypt can be worked out "our Senate and our House of Representatives would support it."

Rogers also said hopeful conditions now exist for peace even though negotiations are at an impasse at the moment. He warned of danger to the world should the peace efforts fail.

He argued, therefore, the use of big power troops, including Americans, to guarantee any agreement would be a substantial contribution to world peace.

Officials say a peace-keeping force offering new security for Israel and protecting against the possibility of a major war would have strong appeal in Congress.

That any such proposal would face serious challenge in the Senate, however, was indicated by the initial reactions of Democratic Leader Mike Mansfield and Sens. Stuart Symington, D-Mo., and George D. Aiken, R-Vt., all members of the Foreign Relations Committee.

Symington said "the less we are involved there the better." And Aiken said a peeping force "would be better left to the smaller nations with the United States and the Soviet Union left out."

Rogers said the impasse in the negotiations under UN mediator Gunnar Jarring results from Egypt's insistence on the complete Israeli withdrawal from territory captured in 1967 and Israel's demand for holding positions it considers vital to its security.

The secretary is expected to tell Foreign Minister Abba Eban in talks here Friday that Israel would gain more security by withdrawing to its 1967 boundaries and accepting international arrangements for guaranteeing a peace settlement.

One part this guarantee would be the stationing of an international force, including U.S. troops, at Sharm el-Sheikh, a strategic point dominating Israel's oil supply route to the port of Elat.

Rogers also stressed that a part of the peace agreement should provide for demilitarization of the Sinai Peninsula.

## Would Reject Westmoreland Recommendation

WASHINGTON (AP) — Rep. David Pryor, D-Ark., urged Army Secretary Stanley Resor Tuesday to reject the recommendation by Gen. William Westmoreland that Brig. Gen. George H. Young of Pine Bluff be demoted.

Westmoreland has recommended that Young be demoted to colonel because of alleged substandard performance of duty relating to the My Lai incident in March 1968.

In his meeting with Resor, Pryor emphasized that the commanding general of the 1st Army had dismissed the charge made against Young about eight months ago as "unsupported by the evidence."

Pryor also expressed concern that Westmoreland seeks to have penalties imposed without a trial based on his opinion that the evidence can be read another way.

Pryor said no one could have complained had a court martial been ordered to consider the charge against Young last year. "He (Young) would have gladly put his honor to the test in a public trial confronting the witnesses against him and presenting his own evidence," Pryor said.

## Aging Office Gets Director

LITTLE ROCK (AP) — J. R. Jones, 32, of North Little Rock has been named by Gov. Dale Bumpers as director of the state Office on Aging.

Jones, who assumed the office Monday, worked from April 1967 to December 1970 as director of a project of the Arkansas Farmers Union, helping the elderly in rural areas.

## Brooks Hays Is Robbed

DALLAS (AP)—Brooks Hays, former Arkansas congressman and government adviser, was robbed on a Dallas street, police reported Tuesday.

Officers said Hays told them two men with a gun forced him to hand over \$175 and a wrist watch Monday night while he was on the way to a restaurant.

He was in Dallas for a nationwide Bible Conference meeting.

## Parlays Good Will Into a Big Thing

By PETER ARNETT  
Associated Press Writer  
NEW YORK (AP) — When American combat troops began deploying across South Vietnam in 1965, digging foxholes and setting up tents in the searing heat, an obliging businessman named William J. Crum was often eager to provide basic comforts: beer on credit, bar snacks, the loan of a cooler, or sometimes a slot machine to pass the time.

The stocky, balding Crum parlayed this good will into lucrative contracts to supply the hundreds of servicemen's clubs that mushroomed across the country for troop morale purposes.

The Shanghai-born American businessman, who with his glass eye and limp shuffled around Saigon like an aged seaman, quickly widened his circle of acquaintances beyond the thirsty GIs. They soon included American generals and senior diplomats. His sumptuous riverside villa became a hideaway for the American brass to relax from the cares of the war and prying report. But the 52-year-old Crum closed out his Saigon villa late in 1970 and slid from view as surreptitiously as he had arrived five years earlier.

And as he hid out, reportedly on his yacht off Fiji or possibly heading towards Madrid, a Senate subcommittee heard testimony charging him with being "the money king of Vietnam."

He was portrayed as a super-salesman who manipulated bribes, kickbacks and human weaknesses into a Vietnam war fortune worth \$40 million. Investigators judged him the single most influential figure ever to do business with military post exchange and club systems in Vietnam.

Crum, the son of an American riverboat pilot on the Yangtze River, attended Beverly Hills High School in California and later, according to one account, prospected for gold. He surfaced Tuesday night in a television interview.

He was interviewed on his yacht in Hong Kong harbor by Mike Wallace for CBS-TV's "60 Minutes." CBS producer Bill Brown said he used a friend of Crum as the go between, and that CBS had been seeking the interview for several months.

Crum, speaking slowly, his words slightly slurred, denied charges that he paid former Brig. Gen. Earl Cole \$1,000 a month, making it possible for him to store slot machines on Army property, bring into Vietnam freezers without duty, and permit raids on his competition.

"It's an out and out lie," he commented when told of the

WINNING TEAM of Greek actress Melina Mercouri and producer-husband Jules Dassin photographed in London during the opening of their new film, "Promises at Dawn," in which Miss Mercouri costars with Assaf Dayan, son of Israel's defense minister. It is the couple's seventh picture together.

# Smog Suits Hit Auto Manufacturers

By MIKE GOODMAN  
Associated Press Writer  
LOS ANGELES (AP) — A wave of state legal actions against car manufacturers may bring the first coordinated nationwide attack on one of the causes of smog, says an attorney who helped spark the movement.

"A smelter in Tacoma or a mercury discharge in Ohio only cause local damage, but auto pollution affects everybody, all states alike," said Fred Tausend, 38, a Washington State special assistant attorney general.

He was commenting on a flurry of legal filings in the last few weeks that peaked Monday when eight states filed a suit together in U.S. District Court here charging major automakers red since 1953 to delay development of car antipollution devices.

The suit brings to 28 the number of states now involved in such court actions.

Tausend, a legal counsel for 19 of the states, said it may take the combined efforts of Congress and all the states to force a speedup in the installation of car pollution control devices.

The 28 cases are being consolidated in a Los Angeles federal court for pretrial processing.

The eight states filing Monday were Maine, Washington, Colorado, Hawaii, Idaho, Nevada, West Virginia and North Dakota. The State of Mississippi filed a separate suit in Jackson.

Tausend said the next move is up to the defendants—General Motors, Ford, Chrysler, American Motors and the Automobile Manufacturers Association.

He said it could take up to three years to bring the companies to a jury trial. Tausend said the objective is to force the companies to speed development of pollution-free engines and install at their expense smog control devices on all new cars and on cars dating as far back as 1953.

# Plane Flights in Space Seen by 1980s

PHOENIX, Ariz. (AP) — Air Force officials say American astronauts will fly their first military missions in space in 1979 or early in the 1980s in a reusable rocket ship that will

# Kidnapers Turn Out to Be Friendly

By WILLIAM LONG  
Associated Press Writer  
SANTIAGO, Chile (AP) — The kidnapers lured the U.S. priest into a taxicab. Someone

operated like a jet airliner.

They will use the rocket ship to place military satellites in orbit, to repair ailing payloads or bring them home for overhaul and to fly reconnaissance sorties over all parts of the globe.

That's the report of two Air Force space officials who addressed a conference Monday on the space shuttle, this nation's next big step in manned space flight.

To date, most of the funding and presentation of the program to Congress has been handled by the National Aeronautics and Space Administration.

But Lt. Gen. Samuel Phillips and Col. John G. Albert told the conference, attended by several hundred engineers and scientists, that the Air Force plans to abandon rockets and use the shuttle for all its military missions in the 1980s.

Experts estimate the shuttle, capable of making 100 or more trips into space over a period of at least 10 years, will reduce the price of placing a payload in orbit from the present \$10,000 a pound to less than \$100 a pound.

threw a blanket over his head, and the cab sped away.

"I sort of squirmed a bit," recalls the Rev. Thomas John Alkire, 33. "Then I felt something hard against my ribs, and I wasn't going to make an issue out of it."

Father Alkire, a Carmelite from Chicago, was taken to a small house on the sprawling outskirts of Santiago and held for three days.

The priest was released when church authorities promised not to transfer him from the suburban parish where he has worked for three years.

It was one of Chile's friendly kidnappings that are plotted and executed by people having little in common with guerrilla groups that have kidnapped diplomats and government officials in other Latin-American countries.

Among kidnap victims in Chile last year were eight priests, three go-go girls, a nun and three soccer players.

The go-go girls were abducted from the Picaresque strip theater and held briefly until the theater's management came across with a donation for a charity drive. Like the other kidnap victims in Chile, the girls reported they were treated well during confinement.

A professional soccer player also was seized in a charity campaign and fans paid the ransom in time for him to appear in an important match.

The other soccer stars were captured by fans because their

# Information About Social Security

If you have any questions regarding social security, send them to the Social Security Office, Box 1319, Texarkana, Texas, Attention: Ken Hargis.

Q. About a year ago I dropped out of college after completing two semesters. The social security monthly benefits I was receiving on my disabled mother's social security record were stopped because I was no longer in school. I have been thinking about enrolling for correspondence courses. Can I become entitled to social security benefits again?

A. Generally, full-time attendance cannot be established with correspondence school courses. You may, however, want to check with your nearest social security office for more specific information concerning your case.

Q. When I graduated from high school in 1968, my social security benefits stopped. I am now 20 years old and plan to enroll in a school of nursing. Is it possible for me to receive social security benefits again?

A. Yes. A new application will have to be filed with the social security office nearest you. It is possible you can handle everything by telephone. The people in the social security office can tell you if the school of your choice qualifies as an educational institution. Social security monthly benefits can be paid to students age 18 to 22 provided they are unmarried and considered to be in full-time attendance according to the school's standards.

Q. I am a college student and receive social security monthly benefits on my deceased father's social security record. I have been able to secure part-time work and I'm wondering how this will affect my social security benefit?

A. You can receive social security benefit payments for all months of a year if you earn \$1680.00 or less. If you expect to earn over \$1680.00 during the year you should notify the social security office as you will not be entitled to benefits for all months.

teams planned to trade them. One player was kept by his team; the other was traded anyway.

The nun and all eight priests kidnapped last year were about to be transferred from their parishes, and in many cases the moves were postponed.

Two state capitals once served as the nation's capital — Annapolis, Md., and Trenton, N.J.

# Spring First Aid for Your House

By MR. FIX

Weather is rougher on a house than people. Living in a house doesn't wear it out but a bad winter will age it considerably.

Inspect your house and plan for repairs as soon as you can in the spring. Look the place over as soon as the snow is gone and start whatever work you can as the weather allows. If repairs are made quickly you can prevent greater damage and more costly repairs later on.

Sidewalks, driveways, foundations and mortar joints take a beating from bad weather. Hairline cracks in masonry last fall are much larger now. This is due to the cracks filling with moisture which then froze and expanded.

Clean away all loose material. Dig out cracks so that they are wider on the bottom than at the surface. Moisten the inside of the crack and the surface to be repaired. Fill with concrete patch (use a mix to which you add water) and keep moist for several days. After you have the crack filled, finish with a wood float for a rough surface, a metal trowel for a smooth surface. Do not attempt masonry repairs if temperatures are still dipping into the freezing zone.

Examine mortar joints in brick work carefully. Clean out loose mortar, soak the area, fill with fresh mortar, then smooth out the mortar with a pointing tool.

Gutters and downspouts are often in bad shape in the spring just when you need them most. This interferes with the pitch of the gutter, causing water to stand instead of flowing.

Tighten the metal straps that hold the gutters in place. If spikes were used, remove and re nail where necessary.

Clean out the dirt that has accumulated during the winter. Sand, prime and paint rust spots as soon as weather is warm enough. Damaged areas should be repaired with the same kind of metal or fiberglass. Coat the patch with roof cement.

Take a good look at the roof. You may find that shingles are loose, torn or even missing. If the pitch of the roof is steep or you are not sure-footed, call in a roofing contractor.

# Those broken shingles that Hospital Deaths Are Investigated

DETROIT (AP) — During the last four months, eight patients at Henry Ford Hospital have died of blood infections as the result of receiving intravenous fluids contaminated with bacteria, federal officials report.

Another 52 persons at the hospital were infected but cured, said investigators from the federal Center for Disease Control—CDC—in Atlanta.

The CDC, which released its findings last weekend after three months of study, counted 150 cases of septicemia—blood poisoning—brought on by the contaminated fluids throughout the country. One death was recorded in addition to the eight here. Officials said they were uncertain why Ford hospital had so many cases.

Dr. Edward Quinn, chief of Ford's infectious disease sections, said all eight patients who died were terminally ill with cancer or stroke, and were especially vulnerable to infection. The 52 who survived were all younger and healthier and suffered only mild symptoms of the poisoning, he said.

The fluids are used to nourish patients unable to eat.

Federal investigators said the bacteria got under plastic liners of the intravenous fluid's bottle caps during manufacture by Abbott Laboratories of North Chicago, Ill.

Dr. Dennis G. Maki of CDC said Abbott Laboratories was "a very unfortunate victim of totally unforeseen circumstances."

"I've investigated their plant and they are exceedingly competent. They take every possible precaution. They are still trying to find out what happened."

Abbott spokesman Tom Craig said the problem apparently began when Abbott switched to a new design of bottle cap.

About 50,000 earthquakes that can be felt or noticed without instruments occur annually throughout the world, according to Encyclopedia Britannica.

are low down or on a garage roof you may want to tackle yourself. Cover nail heads with roof coating as you go along.

Even if you caked in the fall, check around door and window frames for bad spots in the caulking. Repair these before heavy spring rains.

Check the trees around your house for broken limbs. Cut away those you can reach. Call in an expert for the others.

Fences may be sagging due to posts that have rotted or which have heaved because they were not properly set. Rotten posts have to be replaced. Treat the ends with wood preservative.

Posts will not remain firm if not set deeply enough. Figure 18 to 24 inches deep or one-third the height of the post if it is not to be affected by wind and weather. Set posts about six feet apart. If the soil is clay or fairly firm just compact the earth around the base. In

loose soil, set in concrete, above grade so water will building it up so that it is run off.

NEW YORK — (NEA) — There's been a tremendous boom in home sewing chiefly due to the need to stretch the family budget, the desire for individuality in fashion and the consumer's inability to find the right clothes for her particular mode of living. Even the Beautiful People have become aware of what you can whip up on your trusty sewing machine.

Recently they turned Rockefeller Center into the scene of a sewing bee. Well — perhaps not the kind of sewing bee that great aunt Agatha would recognize. But they did BILL the event as a Society Sewing Bee.

Actually it was a glamorous dinner-dance held in the Singer Center in New York's Radio City and it came about this way.

Mrs. Clyde (Maggi McNellis) Newhouse dreamed up a new angle for charity functions. Southampton Hospital needed a ventilator-anesthesia breathing device for its operating room. The Singer Sewing Machine Company agreed to donate it. In appreciation for the gift, a group of Southampton-oriented ladies volunteered to model fashions whipped up on you know what kind of sewing machine. And the Clyde Newhouses, the William Rayners and the Virgil Sherrills sent out invitations to 150 of the Beautiful People. Then they proceeded to transform the Singer Center into a golden fairyland with the expert help of Billy Giblin of the Henri Bendel window decorating fame.

Everything was all-over gold and the centerpieces were of gold flowers and butterflies centered with chunky candles which provided the only light. The darker the party, the better everyone looks. No?

The menu wasn't stitched up on a sewing machine, but it was custom-made by famous Donald Bruce White. Hear this!

Cocktails trimmed with hors d'oeuvres.

A pattern of clams in aspic.

Tailor-made chicken, laced with Calvados and hemmed with saffron rice. And zipped-up salad greens.

The couture touch: Gateau Saint Honore a la Sew Bright. The "sew bright" was the addition of sparklers to each cake.

After dinner the society

At the Society Sewing Bee at Singer Center in Rockefeller Plaza the Beautiful People modeled clothes whipped up on a sewing machine. At left, Mrs. Donald Kircher, wife of the president of Singer, modeled a peach georgette dress, purple wool cape and a borrowed cane. Princess Egon von Furstenberg (right) modeled a gold empire maternity dress—fitting for the occasion since Egon expects her baby very soon.

models changed into stunning outfits made from basic patterns and embellished by fashion co-ordinator, Francine Coffey, to suit the personality of each girl. This is the great advantage of home sewing. Your costume can be completely individual and at the same time save you money.

The versatility of choosing your own fabric is unlimited. For example, co-hostess Chessy Rayner's coat was made from an Indian wall hanging embroidered in tiny mirrors. Mrs. Sydney Wood, wife of the tennis star, wore a theater suit made of red bandana handkerchiefs that come three-in-a-package for one dollar.

Maggi Newhouse's high-necked, long-sleeved sheath of tortoise sequins was made different and individual by the addition of a brown organza overskirt with ruffles.

An interesting quartet of skirts modeled was the work of the Seminole Indians and West Virginia artisans. Since there is no electricity in their communities, these

Ivory-billed Woodpecker May Be Extinct

WASHINGTON (AP) — The ivory-billed woodpecker, a colorful, rakish bird rarer than the whooping crane, appears to be the latest to join the ranks of the passenger pigeon and other vanished species.

The species was last reported sighted three years ago and in spite of a "sounding" last month naturalists hold out little hope.

Even if one or two birds are still living, says Dr. Richard Banks of U.S. Fish & Wildlife Service, "I'm sure they're past the point of no return. Their numbers are insufficient to form a viable population."

Harry Goodwin, chief of the Office of Endangered Species, says, "I'm about ready to give up."

The last reported sighting was made by ornithologist John V. Dennis in 1967. He estimated that from five to 10 pairs inhabited the Big Thicket Country of Eastern Texas.

Although never otherwise confirmed, Dennis' report buoyed hopes of naturalists that the species survived. The last confirmed sighting before that was made in 1950 along the Chippola River in Florida.

Last month, Robert Manns, southeastern representative of the Audubon Society, played an amplified, tape-recorded mating call of the bird in the Santee swamp near Columbia, S.C., and heard a response.

"It was unbelievable," he said later. "No other bird will return the call in the same way except an Ivory-billed woodpecker. There was either someone in the swamp who is awfully good at imitating the bird or there's a bird there."

Manns, however, has not sighted a bird. And efforts to reconfirm existence of the species along the Neches River in Eastern Texas have met with failure.

Both the Santee swamp and Big Thicket are scenes of battles between conservationists who want to preserve the forests and lumbermen who want to harvest the timber.

The decline of the Ivory-billed followed "extensive" lumbering operations throughout the South that felled the once "large stands of virgin timber."

It's Dylan Thomas, Not B.J.

NEW YORK — (NEA) — Marianne Mantell spoke into a microphone, her eyes focused alternately on a translation of Socrates' "Apologies" and on the man sitting beyond the glass wall of the recording booth, who just happened to be British actor Sir Ralph Richardson. He was recording the "Apologies" and she was following his reading, offering suggestions on interpretation and inflection, changing a word in the text if it didn't convey the meaning accurately.

Marianne had the air of confidence and competence that emanates only from the professional. And in the recording field, she is one.

Nineteen years ago, she and a former college classmate, Barbara Holdridge, founded Caedmon Records, the company which produces virtually all of the spoken word records sold today in America—and all over the world, for that matter. Recently graduated from Hunter College with degrees in Humanities, the girls were one-year veterans of the business world when they founded Caedmon.

They started their company by recording Dylan Thomas reading his own poetry at a New York YWCA and requesting permission to sell the recording.

"We sent a note back to him," said Marianne, a hint of gravel in her voice. "We told him that we had a business proposition for him. We signed only our last names and our first initials. We were afraid if he knew we were young girls he wouldn't see us."

RCA pressed their records

"What kept us going in the beginning," said Barbara, "was the fact that we didn't know about all the obstacles we'd have to overcome. We were young and confident that we would succeed. And, of course, we had a tremendous sense of responsibility to the people who recorded for us. We had a contract with Dylan Thomas for all the royalties on his records—and his agent was the William Morris Agency, so we knew we couldn't default on payment."

After getting Thomas to record for them, they contacted other authors and artists, such as William Faulkner, Ernest Hemingway, Katherine Anne Porter, Ezra Pound and Sir Laurence Olivier.

They had a staff of two people—themselves—and an office on which rent was due every month.

"We got various services free," said Barbara. "People were very good to us because we were young and enthusiastic and knowledgeable in our field."

"We had severe financial pressures. We could have asked our parents to help us, but we didn't. We wanted to make it on our own."

"During the first five years, we didn't eat much," she continued. "We relied on boyfriends and accounts for meals. At the time there was a spirit of generosity in business that was lifesaving. Our accountant took a deferred salary and our lawyer agreed to take his cut from the profits we hoped would come in."

for them, and Marianne and Barbara cut costs by picking up the records themselves.

"We'd take this cart down to 23rd Street and come back with 100 records. It was always difficult to lift them. Marianne and I once figured out that possibly 45,000 men had helped us lift that cart."

The market for the records was there from the beginning and the girls created a money-making company which sells to schools and private individuals.

"It never occurred to us to record less than the best of the world's authors," said Barbara. "We used as our standard: If people wouldn't want to play the record more than five times, it wasn't worth recording. We went for permanence of the contribution. We had the purist point of view."

"It's paid off. We've never taken a section out of our catalogue in 19 years."

Looking back to the time of their start, Barbara said, "We weren't the only young people to go into business for ourselves at that time. But we were given more help than most because we were women."

Up against the wall, Women's Lib!

Both Barbara and Marianne are married now. Barbara's husband was a fan of their recordings who called and wrote to express his appreciation of them, and ended up with a permanent association with the company.

"He insists on paying for

his own records, though," Barbara added.

She has twin six-year-old girls who get Caedmon Records played to them in school.

Marianne met her husband on her first blind date and they decided they would get married 10 days later. She has four children, ranging from seven to 13 years of age.

"When we first started," said Marianne, "we worked eight days a week."

Now, the women are in the office two days at most, but the company is on their minds all the time and even after 19 years, the "partnership" continues. In their shared office, their desks face one another. And they seem to like it that way.

(NEWSPAPER ENTERPRISE ASSN.)

Suit Threatens McCartney

LONDON (AP) — Paul McCartney is being threatened with a lawsuit by his fellow Beatles because he claims his American wife Linda is coauthor of his hit single, "Another Day," currently topping the British hit parade.

Jack Gill, chairman of the Beatles' Northern Songs publishing firm, told newsmen: "We will require Mrs. McCartney to prove she is capable of composing such music. We find it extremely strange that a person who never wrote music before her marriage should have helped write 'Another Day'."

Reverse Snobbery: Taking off the Dog

HOLLYWOOD—There's a reverse snobbery in Hollywood and one clear-cut measure of it is dogs.

The thing is that a star, unless he or she is excused for reasons of allergy in the family, must have a dog. It shows humanity to have a dog. Doris Day has a flock of dogs and could anybody possibly be more human than Doris Day?

But there is a trick in deciding what kind of dog to have. A young actor starts out with an expensive, pedigreed beast to show that he is loaded with money and bad taste. As he proceeds up the ladder he gets lesser and lesser dogs until he becomes a big star and casually romps with a mongrel from the pound. That clearly demonstrates he's just a man of the people, after all.

All this brings us to Susan St. James. When I first met her, about the time she began decorating NBC's The Name of the Game, she had herself a pedigreed Yorkshire terrier. But obviously she is now more confident of her own status.

I paid a call on the set of a big World Premiere pilot—"McMillan and Wife"—which stars Rock Hudson and Susan St. James as a couple who are detectives. Susie was in her dressing room and she introduced me to her new puppy, Kiddo.

"I got her at the pound," she said, throwing the line away nicely.

There's more than just mongrel-ownership to mark Susan's emergence as a girl who is Almost There. She's thinner and she has a new hair-do—"I got it cut in Rome," she said, and that's almost as good as picking up a dog at the pound.

What with one thing and another, Susan St. James looks great. There's still that gamin quality, but now the rough edges are gone. She's a glamor gamin, a kind of Audrey Hepburn, only not as remote.

She's almost certainly finished with the Name of the Game, even if that is renewed. Both she and the studio feel she has gone beyond that. She has done two pilots—this one, with Rock Hudson, and another one in which she plays a tour guide in Europe. One or the other may sell.

The mere fact that she's playing opposite Rock is a thrill for her. (Even a girl with a dog from the pound and a Roman haircut is entitled to feel thrills.)

"I looked at the call sheet the other day," she said, "and I saw that it said 'costarring Rock Hudson and Susan St. James.' It was hard to believe. When he was doing all those romantic comedies with Doris Day, I was back in Rockford, Ill., and those were the big movies. It suddenly hit me—I'm costarring with the man I adored as a teen-ager."

Leonard Stern is the man who created "McMillan and Wife" and he's also directing it. He directs the pilots of all the shows he creates—Get Smart and He and She, for example. He calls this one "He and She with crime—a sophisticated man-woman relationship plus a crime to solve."

He thinks sophistication may be commercial now, although it has never worked on TV before.

"All the misogynists are out of TV," he says. "A few misanthropes are still hanging around, that's all."

He actually is pessimistic about the chances that it will sell, a pessimism not based on his product's quality but on the reluctance of his star—Rock Hudson—to get involved in a series.

"It's at Rock's option," he says. "And I don't think he wants to do it."

But everybody has that hope that maybe once it's aired and is successful, he'll fall in line. Then maybe Susan St. James can get another cut. If you have two pound dogs, you're really someone.

# A Fashion Show--Texas Size

At the Texas Fashion Creators showings for Spring-Summer 1971 Clifton Wilhite presented this dramatic evening gown in black and white dotted top and swirling skirt accented with the high waist mark of a bright pink sash. The top is in silk surrah and is combined with layers of silk organza.

## Liberals Are Gaining on Committees

By ROBERT A. HUNT  
Associated Press Writer  
WASHINGTON (AP) — Some liberal Democrats are gaining power from new rules spreading House subcommittee chairmanships among more members.  
Committees reorganization still under way has demonstrated the rules changes are altering the seniority system dominated in the past by Southerners who seldom faced political opposition.  
The House Foreign Affairs Committee, for example, has four new liberal subcommittee chairmen this year; three of them because of the rules changes.  
There had been no restriction in years past on the number of top spots a member could hold.  
But this year the Democratic caucus voted to restrict members to only one subcommittee chairmanship on major com-

**Crescent Drug Store**  
225 S. Main Hope, Ark.

By HELEN HENNESSY  
NEA Women's Editor  
DALLAS — (NEA) — Once again Dallas was the backdrop for a giant fashion show—the 21st National Press Week featuring the designs of the Texas Fashion Creators Association. And it was a Texas size treat.  
Every current fashion mood was interpreted, from chic shorts to lace-trimmed peasant midriffs. And all were done with an original touch.  
The pants brigade is being infiltrated this season by the gentle but definite return of the dress. And the Texas designers have handled the new "dress" look with taste.  
There was neat new detailing often summed up as saddle stitching and border trim. Waistlines were chiefly where they belong and accented with a belt or tie. They did, however, wander up to empire and down to hip on occasion. Pleats in all forms—unpressed, box and insert—were in evidence.

The costume was important in the Dallas showings and often colored in red, white and blue and star and stripe prints.  
There were Russian shirts, Indian prints and Spanish scroll prints for the summer season. And one of the most breezy looks of all was the rickrack and lace-trimmed peasant midriff. It was shown as part of a dress or as the contrasting half of a pant set.  
Pants still appear on the scene for business and pleasure. They were shown in all styles—long and straight, tiered and flared, mid-high knickers and, of course, the  
**Feels Heat of Lobbying in SST Campaign**  
WASHINGTON (AP) — Rep. Charles J. Carney of Youngstown, Ohio, is feeling the heat of a heavy lobbying campaign. It's almost as if he were being asked to choose between the city's bustling steel mills and foundries and her Mill Creek Park and Beaver Creek.  
He's one of 100 or so members apparently holding the votes that will determine whether the House approves continued federal financing of the giant supersonic-transport plane.  
Youngstown area industries, unions and chambers of commerce which might have a stake in SST production are flooding the Democratic congressman with telegrams and letters, asking a vote for the plane. And citizens more concerned with the environment are pleading for a "no" vote.  
He voted against the SST at one point last year. But, with the crucial House vote coming Thursday, Carney still is undecided which way to go.  
"I'm going to go by how my district feels on this one," he says.  
His staff says Carney's mail is split about evenly but mail to most congressmen apparently is running heavily against the 1,800-mile-an-hour plane for which the Nixon administration is asking a total of \$290 million this fiscal year.  
A spot check indicates the lobbying job on Carney is typical of the effort being made on uncommitted members from districts standing to gain from an SST contract.  
John O'Shea, who is running the \$350,000 advertising drive for the SST, says efforts are concentrated on something like 100 members.  
O'Shea said the pro-SST drummers are primarily regular lobbyists for such major SST contractors as Boeing, General Electric and North American Aircraft and for labor, including the AFL-CIO and the International Association of Machinists.  
In some cases, he said, contractor-labor teams from such companies as Pneumatic Tool of Cleveland, Ohio, which makes landing gears have come to Washington lobby members.  
Opposition lobbyists easily outnumber the proponents but are loosely organized.  
They are college students, representatives of local conservation organizations and vacationing constituents—sometimes representing such lobby groups as the Coalition Against the SST, Friends of the Earth and the Sierra Club.

HOPE (ARK.) STAR, Printed by Offset  
**Declares Food Preservative Use Excessive**  
By G.C. THELEN Jr.  
Associated Press Writer  
WASHINGTON (AP) — A noted medical specialist asserted today the government permits excessive use of a food preservative that may cause cancer.  
The cancer expert, Dr. William Lijinsky—director of the Eppley Research Institute at the University of Nebraska in Omaha—said the Food and Drug Administration should allow barely one-tenth the amount of nitrite preservative now permitted in cured meat and fish.  
"The main reason for adding nitrite to meat and possibly to fish appears to be cosmetic rather than functional and this would seem insufficient reason to take even a small risk with our health," Lijinsky said in testimony prepared for the House inter-governmental relations subcommittee.  
Nitrite imparts the characteristic red color to cured ham, hot dogs, bacon, sausage, luncheon meats, corned beef and smoked fish. It is said also to prevent food poisoning called botulism.  
Recent research with animals has indicated nitrite combines in the body with other food and drug substances known as amines to produce a potent cancer-causing class of agents known as nitrosamines.  
Lijinsky and several of his colleagues at the Nebraska center have been working on the connection between cancer stomach chemicals and food preservatives.  
In an article written with Harvard medical researcher Dr. Samuel S. Epstein Lijinsky said last year, "Nitrosamines seem to be a major class of carcinogens that are likely to be casually related to cancer of industrialized society."  
However, when the Nebraska research was disclosed late in 1970 an FDA official, Dr. Leo

Page Thirteen  
an answer have turned increasingly to gimmicks, such as ripping out seats in the rear compartment and replacing them with a standup bar for coach passengers.  
Last week, American Airlines won permission to convert the back end of the plane into a 17-seat lounge with stand-up bar, for coach class passengers. First class passengers in the 747 have had exclusive use of an upper deck lounge all along.  
American said the 747 "faces a crisis in passenger appeal and must be made more attractive."  
Next Willard Michaels, acting president of Northeast Airlines, which lacks 747s, told the Civil Aeronautics Board it is being clobered by the 747s of its New York-Florida competitors, Eastern and National airlines. Yet both have complained of decreasing passenger loads.  
Michaels said a competitive factor is the travel agent who books customers on 747s rather than on smaller jets because they can be sure of space—they know the reservation will be honored.  
**Jumbo Jet Is Becoming Big Headache**  
WASHINGTON (AP) — The jumbo jet, once heralded as the airline's dream, has become a very large economic headache for the already financially pressed industry.  
Though more people are traveling by plane, the increase in air traffic hasn't kept pace with the space available on the Boeing 747s, now often flying with only 30 per cent of their 360 seats occupied.  
The airlines in searching for Friedman, said the findings were based on nitrite and amine doses in rats 1,000 times higher than man gets in his diet.  
The House subcommittee is examining the FDA's contention that nitrosamines present no imminent hazard and no reduction is required in the amount of nitrite allowed in foods.
